Claims Wright, M'Farland 'Play Ball'

Anglin Flays 'Bossism'

Halt Clear Fork Job, He Urges

Charles O. Anglin, Democratic candidate for mayor, told a Fourth ward party rally last night that "Boss (Earl) McFarland has been running Mansfield for the past 10 years and will continue to run it if Tom Wright is elected mayor."

A burst of applause from more than 100 persons gathered at Bowman street school halted Anglin's speech when he declared "Boss McFarland runs Mansfield, and he brags about it."

The Democratic candidate said Wright's campaign started differently when he was backed at the primary election by a group of young voters that wanted a good government for Mansfield.

"But, Anglin said, "That man (Wright) is playing ball with Boss McFarland."

Then Anglin leveled his guns at the Republican platform and what he called the Republicans' policy of "putting the cart before the horse."

He said his opponent wants to bring more industry to Mansfield "but we don't have sufficient housing for the people who are already here."

HITS LACK OF SEWERS

"They build a lake down by Lexington, but we don't have sewers to carry away the water that is already here," Anglin added.

These are examples of putting the "cart before the horse," he said.

Anglin said the housing problem "concerns all of us in Mansfield," and that housing could be provided in cooperation with the federal government.

"But, he said, "the Republicans don't mention housing in their platform which is nothing but generalities filled in with the terms "we will try; we will attempt; to the best of our ability'."

The Democratic candidate's next blast hit the charge that he has plans for "grandiose spending of taxpayers' money" made by Wright at a recent Republican rally.

"I have no plan of spending more money than comes into the treasury", Anglin said.

"But, he continued, "I will economize so we can provide the

Spy Charge Protested

WASHINGTON — (UP) — The United States, it was disclosed today, has angrily protested against Czechoslovakia's treatment of Samuel Meryn, an American embassy employe who was jailed as a spy in Prague.

A formal United States note to the Czech foreign office said the holding of Meryn incommunicado in a Prague jail was of "sufficient seriousness to warrant representations on the highest possible level."

The note won a Czech promise that a United States representative would be allowed to visit Mcryn in jail today. But American officials feared that Czechoslovakia had started an anti-American campaign of harassment, and that American-Czech relations would get worse before they get better.

Twice in five days, the Czech foreign office has hurled a "spy" charge at employes of the United States embassy in Prague. Meryn was among five Americans named in the first charge, and is the only one of the lot to fall into Czech hands.

Reds Oust Yugoslav Official

MOSCOW —(AP)— Russia has charged Marshal Tito's ambassador to Moscow with anti-Soviet spying and declared that he can no longer serve as the Yugoslav envoy here.

A soviet note delivered yesterday to the Yugoslav embassy said the Budapest treason trial of Hungary's former Foreign Minister Laszlo Rajk had revealed that Yugoslav Ambassador Karlo Mrazovic "had for a long time engaged in spying and subversive activities against the Soviet Union."

Mrazovic left Moscow for Yugoslavia in August and has not returned since, though technically he remains ambassador to the Soviet Union. It had been presumed he would return to the Russian capital eventually.

'SLANDERED'—REDS

The Kremlin's note said also that Mrazovic "while being Yugoslav ambassador in the U. S. S. R., had come out in the Yugoslav press with slanderous fabrications against the Soviet Union."

Russia, the note concluded, considers it "impossible" for Mrazovic to continue to represent the Tito regime in the Soviet Union.

Mrazovic came to Moscow last Dec. 16 after serving as Yugoslav minister to Hungary, the scene of the alleged Rajk treason plot on which the Russians based their espionage charge against the Yugoslav Diplomat. Rajk and four co-defendants were executed after being convictee of treason.

The Soviet action does not mean a break in diplomatic relations with Yugoslavia, since the Yugoslavs were asked in effect to recall only their ambassador, not their diplomatic mission in Moscow.

Presumably Yugoslavia's acting Charge D'Affaires Lazo Laimovic will continue to serve as head of the mission.

Envoys Rap Expense Cut

WASHINGTON — (AP) — The State departmoent, used to protests from foreign governments, now is getting a wave of protests from its own envoys abroad.

It has just ordered a 30 per cent slash in the living allowances paid to American diplomats and employes in foreign posts. The cut was ordered because of the devaluation of the British pound and other currencies.

Officials said a "lot" of protests already have come in, and others are looked for. Embassies, legations and consulates have been asked for full reports on the effects of devaluation on local living costs, and have been assured some of the reduction will be restored where hardships are shown.

The cut applies only to the allowances for food and other living costs which are paid to defray the added expense of living abroad. The reduction averaged 30 per cent on the principle that devaluation reduced expenses by that proportion, in dollar terms. Salaries, paid in American dollars, were unaffected.

Noronic Yields Body of Woman

TORONTO, Ont. — (UP) — The passenger toll rose to at least 141 in the Noronic disaster today with the recovering of another body from the charred hull.

Police said identification would be easy because the victim, a woman, wore an "unusual gold wedding ring on the third finger of her left hand."

The woman apparently tried to escape the blaze while dressed in a nightgown and covered with a man's overcoat, police reported.

Food Costs Jump

NEW YORK—(UP)—The Dun & Bradstreet wholesale food index abruptly reversed its decline of the past six weeks today and rose 14 cents in the biggest jump in 15 months.

Roseland Area Gets 3 Wells

Work To Start In Few Days

Work will start in a few days on the first of three public wells in the Hanna road district, County Engineer Walter E. Rusk told a group of Hanna road area residents at a meeting last night.

The county engineer said a Mansfield organization has donated $1,750 for the purchase of three lots and the drilling of three wells in the area which has been the center of a diarrhea epidemic that has killed nine infants in the past four months.

The announcement that funds have been donated for the wells is the first break in a campaign launched by the health department shortly after the epidemic first struck the suburban area.

Health department authorities said the prime cause of the outbreak was contaminated wells and improper sewage disposal.

The county engineer hopes to get funds for additional wells and lots after the three now planned are completed.

It is necessary to purchase a lot to meet legal requirements, Rusk said. He said park and playground areas could be developed on the land.

The wells were termed a "temporary solution" to the problem that faces residents of the area northwest of the city. Both health department and county officials say the real answer is the extension of water lines to the area and the establishment of a sewer district.

PROVIDES SAFE WATER

Meanwhile, residents of the area will be provided with safe water from the series of public wells.

Location of the first three wells was given as the rear of Hanna road church, Warren and Dillion roads, and North Belmont avenue.

The county engineer said a parcel of six lots is available for the establishment of a park area at the Belmont avenue well.

Harry Simpson, chairman of a Hanna road citizens' committee called a meeting of all residents of the area for 2 p. m. Saturday at the Hanna road church, to discuss the water situation.

The county engineer explained residents of the area will be required to maintain and develop the land around the wells.

There will be no money involved, he said. It will merely be a group getting together and doing a little work, he added.

Gale Batters All England

LONDON — (AP) — The heaviest October gale in 25 years battered Britain today.

The winds drove small ships aground, smashed fishing craft and swept two fishermen to their deaths. An English channel steamer with 200 aboard was unable to go on to Dover or return to Dunkerque. The storm prevented its docking.

Seaside resorts on England's Channel coast estimated their property damage at L200,000 ($560,000).

BEATING TB—A hospital orderly at the Mansfield reformatory receives the BCG treatment for tuberculosis prevention from Miss Florence Gareau of Toledo, one of a corps of eight nurses and three doctors of the U. S. Public Health Service offering the free inoculation in chosen parts of the U. S. and Puerto Rico. (News-Journal Photo).

Control Plan At Work

OSR Men Get Free TB Inoculation

By MARGUERITE MILLER

Mansfield reformatory is one of the few prisons in the country sharing in the federal government's BCG program of tuberculosis control.

To date, Ohio is the only state where correctional or mental institution inmates have been given the vaccine which reacts in a way similar to the small-pox vaccine in prevention of disease contraction.

This word came yesterday from Miss Lillian Lang, in charge of the program at the OSR and one of a corps of eight registered nurses and three doctors from Washington, D. C., carrying on the program at no cost to those chosen for it.

BCG vaccine made from a bovine bacillus, is the most effective preventative measure in TB control. It was discovered in 1909 by two French scientists and has been tried and proven through usage, Miss Lang said.

The program of free vaccination, initiated by the U. S. Department of Public Health Service is currently reaching as far as Puerto Rico where all children are being vaccinated. All children in Columbus, Ga., have similarly had the immunity treatment and the towns-people are next in line. Boston, Mass., children, like the Puerto Rican youngsters have been vaccinated, and many other cities may come under the program if the number of cases in their locale warrants it.

The service, Miss Lang pointed out, is based on the number of tuberculosis cases in the area and public appeal. Ohio was found to have the most TB cases in its institutions. To date, the Ohio program, started a year ago, has reached the Ohio Pen-

Low of 35 Due Tonight

Mansfielders who still have produce in their gardens had better make a final harvest before tonight when the weatherman predicts frost throughout the state.

Extra blankets also will be in order since temperatures are expected to reach a low of about 35 tomorrow morning. Today's low was 39 at 6 a. m.

The weatherman warned Ohioans will have to contend with temperatures in the low 50's again today, but a slight rise is predicted for tomorrow.

Mansfield's temperature was 45 at 10:30 a. m. today. Yesterday's high was 56 at 2:30 p. m.

Today's forecast is for sunny but rather cool weather with the highest temperature around 50. Tonight will be clear and cool with frost, and Thursday sunny with slowly rising temperature.

Durante Startles Opera Enthusiasts

LOS ANGLES — (AP) — Jimmy Durante went to the opera last night and was he mortified—he "couldn't unnerstand a woid."

The schnozzola started first-nighters at the opening of the San Francisco Opera company's season here by appearing among the minked and ermined crowd. The music-lover, dapper in a tuxedo and specially bought black hat ("cost me 20 smackers") claimed he recognized several barber friends in the lobby.

Chest Needs $48,000

Drive Scheduled To Close Tomorrow

Mansfield's Community Chest drive headed toward its closing day Thursday still needing more than $48,000 to reach the quota of $141,663, James R. McConnell, drive chairman, said today.

McConnell said drive officials are optimistic despite the fact that many workers have not responded to his appeal to turn in their cards at campaign headquarters.

"We feel confident that we will reach our quota," he said. "Mansfield industries have done a splendid job, and we have had more cooperation from the employes this year than in past years," McConnell said.

However, he again urged workers to turn in their cards as the drive is scheduled to officially close Thursday afternoon.

Today's reports totalled $92,788, of which the Feathers unit, headed by Orlo L. Smith, accounted for $47,212. The Stars unit, with Robert Salsbury as captain, close behind with a total of $45,576 reported, McConnell said.

Drive officials said today that Team 1 of Commercial "B," headed by Charles Hand, had turned in $113 on a quota of $105 subscribed by Mansfield barbers. Another "over-the-top" report came from Team 10, which reported Mansfield Rapid Transit, Inc., had contributed $385 on its goal of $375. C. M. Ross, team captain, reported 100 per cent donations from the Transit company employes.

14 Injured As Gas Blast Rocks Dallas

DALLAS, Tex. — (AP) — Fourteen persons were injured, three seriously, when an explosion late last night ripped apart a four-apartment building in a housing project.

The blast and what residents of the stucco structure called a flash of flame left it a mass of debris — caved - in walls, smashed furnisutre and crazily crumbled roof.

Masqueraders Will Have Music

Four Bands To Step Lively In Halloween Parade

When hundreds of masked revelers come marching through Mansfield's downtown streets at 7:30 p. m. Saturday in the annual "help Hunt Hallween" celebration, they will step to the fast-moving tempo set by four high school bands

The Tyger band from Senior high school, resplendent in black and gold uniforms, will lead the way.

Mrs. Ada Hunt Doerr, sponsor of the traditional event, said today that Madison high school, Johnny Appleseed junior high and the Crestline high school bands have signified their intentions of joining in the gala event. All four bands will form in line on West Third street, between North Mulberry and Bowman streets, where the masqueraders are expected to take their places for the parade through down town streets and up to Central park.

Music will not stop with the parade. At 9 p. m. "Pop" Eggerton and His Merry makers will play at the A. B. Grafton parking lot, corner Park avenue west and Mulberry streets for square dancing that will last until midnight.

The dance is in charge of the Tau chapter of Beta Sigma Chi, with Mrs. Herbert Holmes as chairman of arrangements.

The street dance will take the place of the usual Coliseum frolic, which Mrs. Doerr has traditionally held each year following the parade. This year illness has curtailed much of her planning.

Mansfield merchants will help emphasize the celebration with "Halloween Value Jubilee" sales here Friday and Saturday.

Many merchants are arranging clever store contests to step up enthusiasm for the Halloween sales event.

Thursday's edition of the News-Journal will carry special advertisements, giving the bargains that may be procured during the two-day sale.

Everyone's In Hospital But Daddy

SCRANTON, Pa. —(AP)— The Patrick Naughton family could almost hold a reunion without leaving the Mid-Valley hospital at nearby Peckville.

On Monday, Naughton's three sons—Joseph, Patrick and John were admitted to the hospital for tonsillectomies.

Later in the day, their mother was taken to the same hospital and presented the boys with a brand new sister.

P. S.—Mr. Naughton is doing fine—at home.

City Files Protest On Rate Today

Promised Ample Time On Case

A formal protest on the Mansfield Telephone company's application for a rate increase will be filed today with the Public Utilities Commission of Ohio, City Solicitor C. J. Kalbfleisch said.

With the filing of the protest before the deadline Friday, the city will have an opportunity to present its case against the the application for a general boost in telephone rates.

Meanwhile, a PUCO spokesman told the city solicitor the city would be given ample time to prepare its case before the hearing is held on the application.

City council on Oct. 5 hired Woodward and company, engineers and accountants, in Columbiana, O., to assist Kalbfleisch in preparing the city's objections to the request for a rate increase.

However, the firm has not yet started to work on the Mansfield job. J. A. Woodward, chief engineer, for the company said he would be in Mansfield late this week to discuss the application with city officals.

A request by the city solicitor for an extension of the time for filing the formal protest was turned down yesterday by the PUCO.

However, the PUCO spokesman said the protest could be filed on the strength of the information the city now has, and then a supplemental protest could be attached when the city's investigation is completed, Kalbfleisch said.

Pomp Marks Junior High Grid Battle

The annual Johnny Appleseed-John Simpson football game will be played at 8 o'clock tonight at Arlin field amid all the pomp and enthusiasm of a big time gridiron production.

Queens from both schools will be honored and a large-scale half-time show will complete the picture. Even the weatherman is getting into the act by promising clear, cold weather for the game. School officials had announced the game would be called off in case of rain, since a downpour held down the size of the crowd for the past two years.

Appleseed goes into the game a slight favorite, having won its last 12 starts. The Pioneers have not been beaten since Simpson turned the trick, 18-6, in 1947. Appleseed won last year, 7-0.

The game will cause a temporary feud in the family of Appleseed Coach Paul Snyder. His daughter, Gretchen, is the Simpson queen. Her attendants are Carol Rice, Elaine Wakely, Patricia Watkins, Nancy Snyder, Peggy Mattox, Nancy Urich, and Patricia McFadden. Mathleen Bolin, the Appleseed queen, will be attended by Barbara Darling, Beverly Rhoades, Judy Bruce, Irene Christman, Ruth Kinkel, and Janice Swank.

Four Dead As Plane Crashes

PORT DEPOSIT, Md., — (AP) — A private plane plummeted out of an overcast sky and crashed into the side of a hill last night, killing four persons, including H. L. Straus, a wealthy horseman.

The plane was owned by the American Totalizator company, of which Straus was president.

Others aboard were identified by state police as A. J. Johnson of Baltimore, general manager of the company; Wally Mayer of Palm Beach, Fla., the pilot, and Delton R. Osbourne of Palm Beach, co-pilot.

Action Looming On Coal

No Plans Made In Steel Strike

WASHINGTON —(INS)— Federal officials hinted today that the injunction weapon of the Taft-Hartley law may be used to end the coal strike but said there are no present plans to use the law in the steel shutdown.

The twin strikes, which are slowly throttling the nation's economy, were thoroughly discussed at a White House meeting following a report by Federal Mediation Director Cyrus Ching to presidential assistant John R. Steelman.

One official who attended the meeting but declined to be quoted by name, said the government "has no idea" of using Taft-Hartley in the steel dispute, but he added that "coal is another matter."

NO ORDERS ISSUED

Thus far, however, Department of Justice officials have been given no orders to act in the six-week-old walkout of John L. Lewis' 375,000 miners and are merely reported to be "standing by." The southern coal talks entered their sixth month today, with no progress in sight.

The Interior department reported that the nation still has an average of 40 days industrial supply of coal although it is unevenly distributed.

Interior officials estimated that total industrial stock amounts to 33 million 500 thousand tons of the present time with another 11 million tons held by the steel companies whose production was shut off Oct. 1 by the strike of 500,000 CIO steelworkers.

Ching conferred anew today with United States steel officials in New York. He is hopeful that "big steel" will improve its offer to the union. The mediator spent five hours Tuesday talking with Bethlehem steel representatives but reported "no progress."

President Truman and his advisers apparently are reluctant to invoke the 80-day anti-strike injunction against the steelworkers because their walkout was originally postponed 77 days through White House intervention.

Meanwhile, unemployment in the coal and steel strikes neared the 2,000,000 mark today as coal-short railroads cancelled 600 trains, laying off more than 30,000 employes.

New violence was reported in the six-week-old strike of 380,000 soft coal miners. A dynamite blast destroyed a $10,000 steam shovel at a non-union strip mine Near Coupon, Pa. No one was injured.

UAW Starts War Chest

CLEVELAND — (UP) — The rich CIO unions prepared today to follow the $100,000 lead of the CIO Auto Workers, kicking in financially within the next few days to build up a huge warchest for the striking CJO steelworkers.

The auto workers, headed by union President Walter Reuther, opened the fund-raising drive yesterday with an announcement that his union had contributed $100,000 to the strike fund.

The textile workers and most of the other big CIO unions were expected to vote appropriations for the steelworkers within the next few days.

CIO President Philip Murray, who also is president of the striking steelworkers, reiterated that his union was standing firm on its demands for pension and insurance programs paid for entirely by the steel comapnies.

President Signs 2 Building Bills

WASHINGTON — (AP) — President Truman yesterday signed two bills intended to spur construction of hospitals and moderately priced homes.

The housing bill provides $2,275,000,000 in new government authority to insure or purchase home mortgages.

The other measure provides $150,000,000 a year in federal aid to the states for hospital construction.

PLANE CRASHES

BUENOS AIRES — (AP) — An Argentine Airforce transport plane, believed carrying seven persons, is reported to have crashed in woods north of Tucuman last night.

Post Plans Razing Home In Crestline

Legionnaires Pick Temporary Quarters

CRESTLINE — Razing of the Old American Legion building here will start shortly. This was decided at a meeting this week of McWhirter Post when plans for constructing the new building were discussed.

The building committee met with the Mansfield architect and general contractor. The post decided to use the Youth Center building on North Seltzer street for its headquarters during the construction instead of using the second floor of the First National Bank building, as originally planned.

J. W. Swarer reported the membership drive results were gratifying. The post also endorsed the three mill school levy, up for vote next month.

A small iron statue of a colored boy, used in front of the present location for a hitching post, and two American flags will be donated to the Crestling Museum. Arthur O'Leary will make the presentations.

One flag formerly belonged to the G. A. R. and the other, with 13 stripes, had been donated to the post by Alec Longacre. Commander Bernard Schaffer was in charge of the meeting.

Galion Legion Plans Events

GALION — Several events were planned by Scarbrough post, American Legion, at its meeting Monday night. Commander Stanley Laughbaum presided when the post voted a generous contribution to the Community Chest.

The sum of $50, was voted toward the Halloween party which is being sponsored for the young people of Galion by the Hi-Y, Girl Reserves and Blue Triangle club of Galion high school. The party will be held next Monday night under the lights the football field at Heise park.

After the Mardi Gras, Saturday night the post will hold open house at the Legion Home for members, wives and families. There will be round and square dancing and refreshments.

An Armistice day dance also was planned for Nov. 11, and at the next regular meeting on Nov. 14, the annual pancake and sausage supper will be held.

At the meeting cards of recognition, signed by the national commander, were presented to Myron Bogan, past commander of the post, and Clayton Howman, adjutant, for having attained a membership higher than any time in the last four years.

Retired Ashland Teachers Receive Awards of Merit

ASHLAND — Two retired teachers received the annual certificates of merit at last night's Chamber of Commerce banquet in the Methodist Educational building. They are Miss Edna Riddle, who retired after teaching here 46 years, and Miss Harriett Kerr, who retired after 47 years' service as educator.

More than 200 persons attended the annual banquet with A. Ross Siverling, attorney and Chamber vice president, acting as toastmaster due to the absence of G. Reed Page, Chamber president.

C. I. Weaver, president of the Ohio Chamber of Commerce and the Ohio Fuel Gas company who resides in Springfield, was the banquet speaker. He said the coming of the atom was not as great a threat as socialism and urged Americans to exercise their voting franchises if the nation would continue free.

Weaver said the solution lies in political action and voters should elect men who will be responsible. He contended business was the only instrument which can elevate politics to a higher level.

Distinguished guests at the banquet included Rep. Harry McGregor, of the 17th Ohio District; State Senator Ralph Winter of Lodi; Rep. J. Frank McClure, of Ashland county, and Hugo Young, president of the Fixible company in Loudonville.

Voters Get Service In Ashland Plan

ASHLAND — Ashland Jaycees have organized a "get-out-the-votes campaign for the Nov. 8 election, with the publicity program, telephoned reminders and free taxi and baby-sitting services offered voters.

Harold E. Andrews jr., is chairman of the campaign assisted by Fred Koehl, Joseph McClure, Karl Swartz, Kenneth J. Nordstorm, Larry Zehner and Robert Atterholt, Jaycee president.

Jaycee Ettes, wives of the Jaycees, will assist by calling all numbers in the telephone book to remind citizens to vote and will answer requests for free taxi service and baby-sitting services for mothers who want to go to the polls.

Millersburg Sets Yule Seal Drive

MILLERSBURG — The 1949 Christmas Seals, featuring a modernistic drawing of a dove in flight, arrived here this week at the headquarters of the Holmes County Tuberculosis and Health association, according to Nathan Brenner, president.

Proceeds from this year's sales will be used to finance the association program. The drive for $2,800, opens Nov. 21 and continues until Christmas.

Bucyrus Girl Scouts Receive Fund Share

BUCYRUS — First distribution of $100 from the J. E. Faulkner charity fund was made here this week to the Bucyrus' Girl Scout council. An annual allocation of $100 will be made to the council from a fund set up by Mr. Faulkner, wealthy Bucyrus livestock dealer who died last January.

Other groups sharing in the trust fund, which consists of securities in several corporations, include the Boy Scouts, YMCA and St. Paul's Lutheran church.

Lucas Voting Selects 4 Girl Cheerleaders

LUCAS — Four cheerleaders were elected this week by ballot of the Lucas high school student body. The girls chosen represent each of the four upper classes although this had not been planned prior to the voting.

They are: Patricia Byerly, freshman; Patricia Thompson, sophomore; Janet Rummel, junior and Carol Lee, senior. Each of the last three had served last year.

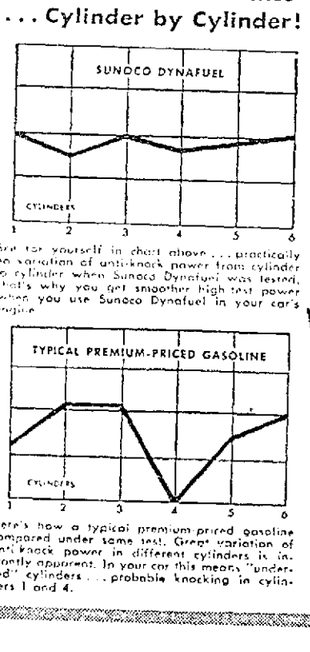
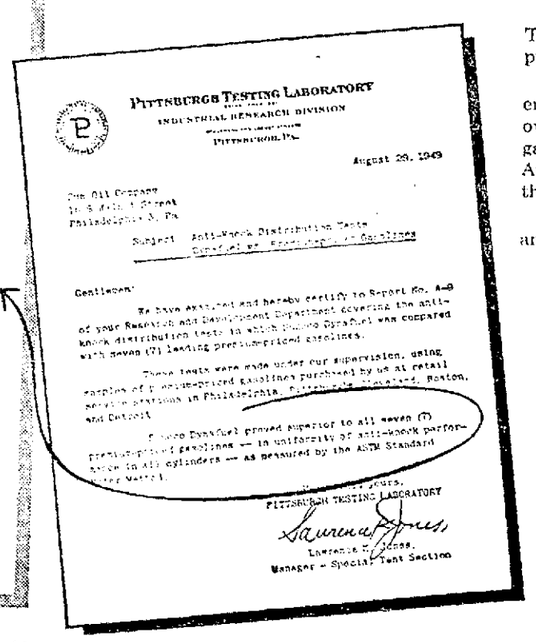
Sunoco Dynafuel proved superior to 7 leading premium-priced gasolines
. . . for smoother anti-knock performance in all cylinders
Anti-knock Performance . . . Cylinder by Cylinder!


SUNOCO DYNAFUEL
CYLINDERS
1 2 3 4 5 6
See for yourself in chart above . . . practically no variation of anti-knock power from cylinder to cylinder when Sunoco Dynafuel was tested. That's why you get smoother high test power when you use Sunoco Dynafuel in your car's engine.
TYPICAL PREMIUM-PRICED GASOLINE
CYLINDERS
1 2 3 4 5 6
Here's how a typical premium-priced gasoline compared under same test. Great variation of anti-knock power in different cylinders is instantly apparent. In your car this means "underfed" cylinders . . . probable knocking in cylinders 1 and 4.


PITTSBURGH TESTING LABORATORY
INDUSTRIAL RESEARCH DIVISION
August 29, 1949
Subject: Anti-Knock Distribution Tests
Gentlemen:
We have examined and hereby certify to Report No. 4-9 of your Research and Development Department covering the anti-knock distribution tests in which Sunoco Dynafuel was compared with seven (7) leading premium-priced gasolines.
These tests were made under our supervision, using samples of 7 premium-priced gasolines purchased by us at retail service stations in Philadelphia, Pittsburgh, Cleveland, Boston, and Detroit.
Sunoco Dynafuel proved superior to all seven (7) premium-priced gasolines — in uniformity of anti-knock performance in all cylinders — as measured by the ASTM Standard Knock Method.
Yours very truly,
PITTSBURGH TESTING LABORATORY
Laurence E. Jones,
Manager — Special Test Section
Think of it . . . Sunoco Dynafuel out-performs leading premium-priced gasolines—yet saves you up to 2¢ a gallon!
Certified tests prove Sunoco Dynafuel's superiority for delivering smoother anti-knock performance in all cylinders—not over ordinary or regular gasolines—but over 7 leading premium gasolines. And for additional proof: remember—more Detroit Automotive Engineers use Sunoco Dynafuel in their own cars than any other gasoline . . . 4 to 1 over the next nearest brand!
Swing in at the Sunoco Sign and begin enjoying new performance in your car . . . at a saving on every mile you drive.
Save up to 2¢ a gallon over other high-test gasolines

Mrs. Smith Dies In Kent At Age 82

Illness Fatal To Millersburg Widow

MILLERSBURG — Mrs. Flora H. Smith, 82, widow of Samuel Louis Smith who operated a store here for 37 years prior to his death in 1936, died Tuesday in the home of her daughter, Mrs. Lola Karlskind, in Kent. Mrs. Smith had made her home with Mrs. Karlskind for several years and had been in ill health some time.

Surviving, in addition to the daughter, are a son, Floyd of Wellsburg, W. Va.; three sisters, Mrs. Mina Teckham of near Shreve, Mrs. Mary Hanna of Millersburg and Mrs. Grace VcCoy of Bellefontaine; two brothers, L. O. Mackey of Shreve and H. A. Mackey of Millersburg, and a granddaughter, Mrs. Flora Jane Farmer of Martinsville, W. Va. Mrs. Smith was a member of the Church of Christ.

Rites will be at 2:30 p. m. Friday in the Hunter funeral home here with Rev. P. H. Welshimer, pastor of the Christian church in Canton, officiating. Burial will be in Millersburg cemetery. Friends may call at the funeral home Wednesday and Thursday evening.

★

BENJAMIN H. BROWN

ASHLAND — Services will be held at 2 p. m. Thursday at the First Evangelical United Brethren church for Benjamin H. Brown, 60, of 130 West Fourth street, who died Monday night at Crile hospital, Cleveland, after a short illness. Burial will be in Ashland cemetery.

Friends will be received at the Gilbert funeral home tonight.

Mr. Brown, native of Shreve, had lived here 40 years and was a signal maintainer for the Erie railroad for many years. A veteran of World War I, he was a member of the V F W. and the Masonic lodge. He leaves his widow, Zola; three sisters, Mrs. Francis Carter and Mrs. Alice Ganyard of Ashland and Mrs. Lovie Baird of Chippewa Lake.

★

MRS. EMMA SCHLEGEL

MILLERSBURG — Mrs. Emma Schlegel, 65, died at 11 a. m. Tuesday in her home near Holmesville following a lingering illness. Mrs. Schlegel was a member of the Holmesville Federated church and its Missionary society.

Surviving are her husband, Albert C.; two sons, Dale of Holmesville and Glen of Apple Creek; a daughter, Mrs. Lloyd Baker of Near Holmesville, and a brother, Alvin Deetz, of near Millersburg. Rites will be at 2 p. m. Thursday in the church with the pastor, Rev. L. Chester Lewis, officiating. Burial will be in Millersburg cemetery in charge of the local Elliott-Myer funeral home.

★

MRS. TACY IRVINE

FREDERICKTOWN — Mrs. Tacy Irvine, 81, lifelong resident here, died at 12:45 p. m. Tuesday in the Mt. Vernon Rest Home following an extended illness. Mrs. Irvine is survived by two nieces.

Services will be at 2 p. m. Thursday in the Bollinger funeral home here with Rev. Floyd Eckert, Methodist church pastor, officiating. Burial will be in Forest cemetery here. Friends may call at the funeral home.

★

REV. W. R. STEWART

BUCYRUS — Committal rites will be held at Oakwood cemetery here this afternoon for Rev. Wilson Reid Stewart of Cleveland, a native of Bucyrus and a retired Congregationalist minister.

Rev. Stewart died Sunday in Cleveland and services were held at the Brown funeral home there this morning.

Shelby Gets Gift House

SHELBY — This city accepted a gift house and lot last night, but it's not sure what it will do with the property.

Mrs. Frances Sutter deeded her property on East Main street to the city. The deed contained a clause permitting Mrs. Sutter to use the living room, bed room and kitchen of the house during her lifetime and to receive income from the barn and garage at the rear of the property.

The property consists of inlots 1613 and 1615 with 28.75 feet of adjoining inlot 1558.

Paging the Grapevine!

We're Looking for a House to Rent . . .

A three bedroom one, preferably, but what have you got?

Everyone tells us the only way to find a house these days is via the grapevine.

We can't find a house, we can't even find the grapevine . . . darn it.

Got any clues? Drop a line to Box 180, News-Journal.

Oh yes, we're three nice people, easy to get along with, and we can tell you the names of other people besides ourselves who think so.

A Good Job
Seeks A Good Man

If you have ever thought you would like sales work, but hesitated to try because you were not convinced about your probability of success . . . or if you are now selling and feel that your present position does not offer sufficient advancement possibilities, or adequate earnings, take advantage of this opportunity.

A representative for a well known manufacturer will administer the SALES TALENT INDICATOR TEST. This is not an I.Q. test, but is an inventory of your interests, and temperament. Your response to this inventory will be compared with those of men who have proven successful in one of the most lucrative of all sales positions. Should it disclose that your responses compare favorably with these men, we will discuss with you an opportunity to associate with us in Mansfield and surrounding territory.

This inventory will be administered FREE OF CHARGE. Please write in for an appointment to take this inventory addressed to Box 198, News-Journal. Include in your letter the different types of work you have been in, your age, family status and if you have a car. All this information will be held in confidence, and your interview will be a private one.

VETERANS OPPORTUNITY

Earn up to $290 per month while learning machinist trade, tool and die making, tool designing and engineering. No previous experience necessary. Those who apply should be mechanically inclined. Mr. Banks will receive applicants at Court Hotel, Monday, Oct. 31, 10 a. m. to 9 p. m. Bring your discharge papers or letter of eligibility.

Earn As You Learn

Free Sales Training Course, one week duration, to all who qualify.

This course will start Monday, Oct. 31st. Those who satisfactorily complete the course will then have the opportunity of extending their training in salesmanship and receive a salary as they are trained, under the G. I. Bill, On-the-Job Training Program.

Selling is one of the most dignified and highly paid professions today. In the years to come, salesmen will assume an ever increasing place of importance in the world of business.

The Operadio Manufacturing Co. of St. Charles, Ill., is offering you this opportunity to become economically independent. Don't miss it.

Interviews will be conducted between 10 a. m. and 3 p. m., October 28th, at the Ohio State Employment Office, N. Diamond St.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Spy Trials Race Across East Europe

Three Countries Bare Executions

PRAGUE, Czechoslavakia—(AP)—The executioner stalks through spy-conscious communist Eastern Europe these days

In a single day three countries—Romania, Hungary and Czechoslovakia — announced Monday they had executed or sentenced to death 15 persons for espionage or other subversive activities.

More than a score of other persons were sentenced to prison terms ranging up to life.

And nobody knew how many trials were going on in secret with their verdicts n yet announced.

Hungary's hangman executed four persons.

Two of them, Lieut. Gen. Gyorgi Palffy, formerly Hungary's highest ranking army officer, and Police Col. Bela Korondy, were co-defendants of the late Laszlo Rajk, former Hungarian foreign minister, who was executed a fortnight earlier for espionage and treason. The government had accused all of them of plotting with Yugoslav and American agents to overthrow their country's Red regime.

The other two executed in Hungary were Army Col. Deszo Nemeth, former Hungarian military attache in Moscow, and Police Col. Otto Horvath. There were no details announced concerning the charges against them, or their trial.

Romania sentenced seven persons to death and 18 others to long prison terms for "terroristic subversive activities."

Four of the 18 sentenced to prison got life. Details of their alleged crimes were not made public.

Tugboat Kills Head of Union

NEW YORK — (AP) — A union official, picketing a strikbound shipyard in a small boat, was killed accidentally Monday night when the 16-foot craft was struck by a tugboat.

The victim was Edward J. Duffy, 37, president of Local 39 of the CIO Industrial Union of Marine and Shipbuilding Workers of America.

Michael Anderson, 28-year-old ship steward who was picketing with him, was taken to a hospital for treatment for submersion.

The two men were picketing the Todd shipyards in Brooklyn from a boat in the harbor. The boat was struck by the tug Patterson, owned by the Erie railroad.

When the telephone was first being developed by Alexander Graham Bell it was known as the "harmonic telegraph".

Mansfielder Sails For Italy To Be Wed In Pompeii, Nov. 15

A romance which began in Italy more than a year ago will have its happy ending next month when Mansfielder Price B. Chearnley weds Miss Anna Coscano, a native of Naples, Italy.

Chearnley, who lives at 86 East Fourth street, leaves for New York today where he will board a ship Friday for Naples.

He expects to arrive in Italy Nov. 10, and he and Miss Oscano will be married in Pompei, Italy, Nov. 15. Their honeymoon will be spent on the Isle of Capri, and the couple expects to return to Mansfield about Jan. 1.

Chearnley, who has made his home in Mansfield for the past four years, met his bride-to-be in Naples more than a year ago.

At the time he was employed by the American government, working as a civilian clerk with the American Grave Restoration Service out of Rome.

He met Miss Coscano while on a trip to Naples and proposed to her a short time later.

Chearnley returned to Mansfield about a year ago and has been making arrangements since then so that he can bring his bride back with him when he returns from Italy this time.

Chearnley will make the trip Chearnley will make the trip the Sobieski, a ship of the Gdynia - American Line. Arrangements for his trip were made through Travel Unlimited, Mansfield travel bureau.

Ohio Health Jobs Open

Competitive examinations for positions in the state department of health will be held Nov. 16, 17, and 18, according to Carl W. Smith, chairman of the state Civil Service commission.

Among the positions open are administrative assistant, auditor, examiner, fiscal officer, health educator, investigator, statistician, supervisor, chemist, sanitary engineer, engineer in training, graphic designer, microfilm machine operator, nutritionist, sanitarian, chief cook, cook, housekeeper, janitor, private secretary, truck driver, and utility man.

Examination centers will be in Cleveland, Cincinnati, Canton, Columbus, Dayton and Toledo.

Information about the exams may be obtained from the state employment service, the county auditor's office, and the state Civil Service commission. Applications must be filed with the commission by Nov. 4.

When You Feel 'Run Down'
Here's Welcome Relief from that TIRED FEELING

S.S.S. GOES STRAIGHT TO WORK WHERE THESE TROUBLES OFTEN BEGIN

Starts to Work at Once
Helps Keep You Feeling Better

This is good news for suffering folks who want to regain their energy. Don't get old before your time. Look out if at the end of the day you feel tired and worn out and have no zip and pep to do and enjoy things. Better days can be yours!

Recently a woman wrote: "I took five bottles of S.S.S. this year. Have ceaseless energy. My husband takes S.S.S. every year. He feels it is better to keep his blood in good health than to try repairing it."

An appetizing portion of S.S.S. Tonic before meals does wonders for the blood. This famous medicine builds up low blood strength in men, women and children who have non-organic simple or nutritional anemia. So why wait! S.S.S. Tonic helps Nature *work faster* when help is needed

Millions of Bottles Sold! Get a bottle of S.S.S. Tonic—in the big red box. Leadership attracts substitution, so beware of imitations claimed to be the same or just as good! Accept only S.S.S. Tonic—the established and proven leader. Ask for S.S.S. At all drug stores—Family size, $2.00, Regular size, $1.25.

DOCTORS' TESTS PROVE You Get NEW Vigor and Pep when you energize your body with RICH, RED BLOOD

S.S.S. Tonic goes right to work to build up your blood strength . . . builds up starved, weak blood to renew energy and pep. Medical authorities, by blood analyses on case subjects taking S.S.S. Tonic, state the following conclusions: "*. . . Laboratory studies show that for increasing red-blood-cells and for making the cells rich in coloring matter, S.S.S. Tonic was definitely greater than Liver and Iron . . .*"

Further tests showed stomach gastric discomfort relieved, and food better digested—thereby giving steady relief from

100 Nurses Expected At Institute

Four Counties To Participate

At least 100 nurses from Richland, Ashland, Knox, and Holmes counties are expected to attend an all-day institute of District No. 5 of the Ohio State Nurses association at Mansfeld General hospital tomorrow.

Miss Gayle Rife, afternoon supervisor at the hospital, is assisting with arrangements. A number of nurses from Marion also have indicated they plan to attend tomorrow, Miss Rife said.

In addition to nurses who are members of the association in the four-county district, all graduate nurses in the Mansfield area, whether members of the association or not, have been invited to attend.

Theme of the institute, which will be the first held in Mansfield since the war, will be "the cardiac patient."

The institute will open with registration at 8 a. m. Talks and panel discussions will continue throughout the day. The program wil close with entertainment and a song session in the evening.

Most of the discussions will be led by members of the nursing staff at General hospital and Mansfield physicians.

Rev. Carveth P. Mitchell, pastor of the First Lutheran church, will conduct the opening devotional service, and the welcome will be given by Wayne Copeland, superintendent of General hospital, and Miss Ida Hunter, president of District No. 5.

A panel discussion on "The Key to Better Living in a Community,' will be conducted by visiting nurses and public health nurses in the afternoon.

The evening speaker will be Miss Ruth MacFadon, of the State Bureau of Juvenile Research at Columbus.

General Chennault Returns To China

WASHINGTON — (UP) — Maj. Gen. Claire L. Chennault, wartime leader of the Flying Tigers, has quietly returned to China, it was learned here today.

Chennault, who has been in Washington since last spring waging a losing fight for more American aid to the nationalist cause, left three weeks ago First word of his whereabouts came in a Chungking broadcast, monitored here.

taxpayers with the services to which they are entitled."

ASKS DELAY

From $20,000 to $25,000 could be saved at the Clear Fork project by putting off the construction of the filtration plant until spring, or by removing the clause in the contract which forces contractors to pay a penalty if the job isn't completed in 270 days, Anglin said.

The present plan calls for the contract for the $500,000 filtration plant building to be awarded in November, Anglin said. But, with the coming of winter which makes construction work difficult, several contractors who expect to bid on the job said they would be required to boost their bid to allow for the penalty they will be forced to pay because the job can't be completed in 270 days.

"We don't need the filtration plant now, and we won't need it for several years," Anglin declared.

By delaying the filtration plant until spring, or by removing the clause calling for a penalty if the job isn't completed in 270 days, I would venture to say the city could save from $20,000 to $25,000, Anglin said.

"That doesn't sound like much money when you consider the filtration plant will cost more than one-half of what they said the entire Clear Fork project would cost when it was started," Anglin said.

"But, he added, "it is your money."

"Your water bill has increased 50 per cent already, and you are getting your water from the same source. Not one drop of water has been used from the Clear Fork reservoir, he said.

"But, we will have to pay it," he said, "because we have been sold down the river on that water project."

P-TA Seeks RR Flashers

The question of flashers at the railroad crossing on the Olivesburg road near the Richland Shale company has again been taken up by members of the Union Rural P-TA, who plan to confer with Erie officials on the issue.

The issue was brought up sometime ago but officials said then that equipment could not be procured. However, renewed action is being urged by P-TA members because of the hazards to school buses at this crossing. Charles L. Bookwalter is chairman of the committee named to take up contracts with Erie officials.

The issue was brought up before P-TA members at their meeting Monday night at the Union Rural high school. Reports on the playground equipment to be purchased by the P-TA were made by William Pedigo, one of the teachers and on the building progress for the new addition by Ralph Gramly, president of the school board for that district.

Following the business meeting a short program was given by the music department of the school under the direction of Mrs. Ruth Pickett. Baton twirling routines were presented by Eleanore Holzworth and Clara Shoup and Shirley Snyder played a piano solo.

tentiary, the Longview hospital and the Orient school for mental deficients. Currently being inoculated are the inmates of Marysville Reformatory for Women and the Girls and Boys Industrial schools at Delaware and at Lancaster

The federal staff expects to finish at the reformatory on Nov. 1, visit the honor camps on Nov. 2 and from there go to hospitals in Cleveland, Athens and Hawthorne. The Ohio program will be finished in December.

The vaccination serves to build up an immunity in the body against TB, but even those vaccinated are warned to follow good public health practices if they would remain free of the disease.

It is not a "guinea pig" program," Miss Lang emphasized. TB can not be contracted by the vaccination.

"Vaccination is no absolute guarantee that the person inoculated will never get tuberculosis, but it has been proven that the incidence is much lower," she pointed out.

Only those persons showing a negative response to the tests, given 72 hours before vaccination are inoculated. Positive cases which show a skin irritation to the test are categoried as those who have built up an immunity within their bodies to TB. Those who test negative are those who have no immunity to the disease. No active cases of TB are subjected to the treatment.

Farm Supports to Cost U. S. $820 Million

Government Estimates 2-Year Loss

Cost of Corn Leads Figures

WASHINGTON — (AP) — The government is forecasting that it will cost about $820 000,000 to support farm prices during a two-year period ending June 30, 1951

By costs is meant the amount of money the government will lose on surplus products which it will buy at support price levels and sell or dispose of at lower prices. The period covers largely the 1949 and 1950 crops

This loss estimate does not take into account the profit or loss the government may mark up when it finally disposes of surpluses still in its possession at the end of the two-year period It expects to hold large quantities of cotton corn, wheat, dairy products, and oilseed crops at that time

This financial outlook is pictured in a budget report of the Commodity Credit corporation, the Agriculture department's price supporting agency

The report estimates losses for the current fiscal year ending next June 30 at about $370,000,000 and $450 000,000 for the following fiscal year

The loss estimates this fiscal year by commodities include: corn $20,000,000; cotton $8,291,000, peanuts $30,019,000; rice $132,000, tobacco none; wheat $49,850,000; potatoes $58,900,000, wool $10,817.000, barley $6,134,000; dry beans $1,500 000, American-Egyptian cotton $9,000.

The loss estimates are based largely on the assumption that production will exceed market demand at the price support levels—a situation that would require the government to buy the surplus and remove it from regular market channels

Student Raps 'Bear-Trap' Apparel of College Girls

SCHENECTADY N Y — (AP) — A student at Union college contends embracing a Skidmore college girl is like "making love to a coaxial cable"

Writing in the college paper, columnist David Markson of Albany said some Skidmore girls wore "deadly bear-trap arrangements" as part of their undergarments

A spokesman at Skidmore in Saratoga Springs said the girls were "so busy with other things" that they had no time for comment

In his column, in the Concordiensis Markson described the last time he dated a Skidmore girl

'Every time she moved I expected a couple of those concentric high tension wires to pop out zoom across and bury themselves between my favorite ribs"

Markson warned Skidmore

"If our love means anything you had better stop outfitting yourself like the inside of an alarm clock that is apt to bust apart at the seams in any given moment

"Before Skidmore can hope to see more of Union Union will have to see more of Skidmore"

Voters To Decide Oleo Coloring

ONE of the larger ballots which voters will receive at their precinct polling place on Tuesday, November 8 presents three statewide proposals, one of which is that having to do with legalizing the manufacture and sale of colored oleomargarine in Ohio.

This issue is being brought to vote through initiated petitions after the legislature repeatedly side-stepped removal of the discriminatory restrictions imposed on oleo many years ago.

It is interesting to note that 31 states and the District of Columbia permit the manufacture and sale of yellow margarines, with five of them added in 1948. Restrictions have been abolished in 13 states since 1943 and it has been only by intensive lobbying of dairy interests that Ohio has not already been added to the list by legislative action.

Thousands of Ohio housewives have taken an active part in the campaign to bring this matter to a vote—their arguments taking into account not only the discrimination against a wholesome product but also hinging on economy and the needless work involved in mixing color into white margarine.

This is a ballot that will require attention by voters, as it also presents two other issues, which will be mentioned separately.

Those Other School Activities

MUCH MORE than even such an achievement as winning a football game from Massillon is visioned by Augie Morningstar, athletic director of Mansfield high school, if community support of other school activities can be aroused to such high enthusiasm as was displayed before, during and after last Friday's victory over Massillon.

While Augie's primary concern is with the high school athletic program, his interest broadens to include Mansfield in general, and its school system in particular, and his encouraging challenge to this year's senior class is that its members should strive to make it the best of any in the United States.

This theme also dominated a talk which Augie gave at yesterday's meeting of the Rotary club, in which emphasis was placed on the community spirit evidenced in connection with the Mansfield-Massillon game—coupled with an appeal for equal support of other phases of school activities—dramatics, debate, and all branches of the educational program.

It may sometimes appear that undue emphasis is placed on high school athletics—but this is a natural focal point for the build-up of community enthusiasm, and it is gratifying to have Mr. Morningstar, as athletic director, stress the importance of an equal show of public interest in all departments of school work.

Nations To Lower Tariff Walls

GATT is going places. GATT is the term representing the General Agreement on Tariffs and Trade, signed by 33 countries carrying on more than 80 per cent of the world's trade.

Now that the Reciprocal Trade Act has been extended, the state department is able to go on negotiating trade agreements involving cuts in our tariffs which could amount to as much as 50 per cent of the 1945 rates. This possibility played a large part in effecting an agreement at last summer's trade conference held at Annecy, France.

A lower American tariff wall was then thought a strong inducement to bring ten new countries in under GATT. These are Denmark, Finland, Greece, Italy, Sweden, the Dominican Republic, Haiti, Nicaragua, Uruguay and Liberia. There is also hope of bringing in Colombia. Of this group, Italy and Sweden are additions of major importance.

In 1950 the state department will try to bring more nations into this low-tariff group, and effect further tariff cuts. The GATT program is based on the reasonable theory that the lowering of trade barriers is essential if Europe is to be saved.

Another Traffic Fatality Recorded

INSTEAD of the hoped-for decrease in traffic fatalities in this city and county the record shows an increase, with 86-year-old Mrs. Eva Leppo as the most recent victim of a fatal accident on a Mansfield street.

Circumstances under which this accident occurred serve to stress the importance of careful driving at all times—but more particularly after night, when danger is increased by poor visibility and sometimes blinding lights of approaching cars.

The driver of a car which causes the death or serious injury of another person can scarcely fail to feel life-long regret over such a tragic happening, and it is well to think of this before an accident occurs.

Prejudice, Seed of Destruction

REPORTS from South Africa say that the Nationalist Party, now in power there, is intensifying its program of racial discrimination, apparently in the belief that by doing so it can maintain itself in office.

Whatever may be the other policies of this party, it is building on immoral and insecure ground when it bases its power on the deliberate development of racial prejudice. One fruit of its policies was found in the racial riots which have occurred in South Africa within the past year. Another fruit is bound to be the ultimate destruction of the party. Prejudice, once aroused, is a potent force, which as often as not turns against its creators.

Voice of Pandit Nehru

By THOMAS L. STOKES

WASHINGTON — It is good that we have provided a forum for a visitor from the other side of the world to talk about peace, even though he has some difficulty making himself heard above the jangle of arms, the swish of jet planes, and the angry bickering about whether a certain type airplane can deliver atom bombs the necessary distance.

The voice of Pandit Nehru, prime minister of India, is the still small voice of spiritual values in a mad world, and sad to relate, it is almost as if he were a visitor from another planet speaking a language that nobody can understand.

Why has not someone of our own leaders in this nation with the greatest potential moral influence in the world said the very simple truths that he spoke at Columbia university — that mankind can never get peace by dividing up the world into two armed camps, that peace does not come through armament races, that peace is not possible so long as we do not provide for the simple, daily needs of human beings all over the world and lift the pall of poverty and hunger and fear?

Why not Harry Truman who knows these truths and could speak with a voice that would be heard all over the world?

It would be most interesting to know what our Indian visitor really thinks of us at this moment as we are presented to him in the noises that go on about him wherever he goes in our country.

When he spoke here before Congress, the Army and Navy were at each other's throats in a nearby committee room pursuing that war of the Pentagon, so that the headlines were full of talk about "the next war."

Astute as he is, and more aware of western ways than he professes, he may have reacted as did a philosopher friend of ours who observed that since the Army and Navy are so busy fighting each other they must not be too concerned about another war. Which is a consoling way to look at it.

Or another explanation—from the cynics—which is to recall that every year when appropriations are up for action in Congress the Army and the Navy stage a public war among themselves to make the best cases they can for as big a slice of the money as they can get.

Whatever the reason, this constant "next war" talk can't be too healthy.

* * *

As Others See Us.

WHILE Pandit Nehru was here, too, angry and embittered men in a committee room were trying to stop the bill to increase the number of desperate, homeless displaced persons from Europe who might come here where there's so much room to make a new start for themselves, which somehow seems a contradiction of those words on the Statue of Liberty about a haven which is the first thing that visitors to our shores see. That bill now is held up until next year.

Our visitor is saying frankly some things that indicate he is discovering our current attitude and mood, of which we can't be very proud, and of which it is well for us to be reminded by someone from afar who can take the long look, such as:

"The very process of a marshaling of the world into two hostile armed camps precipitates the conflict which it is sought to avoid. It produces a sense of terrible fear and that fear darkens men's minds and leads them into wrong courses. There is perhaps nothing so bad and so dangerous in life as fear. As a great president of the United States said: there is nothing really to fear except fear itself.

"Our problem, therefore, becomes one of lessening fear and ultimately putting an end to this fear. That will not happen if the world takes sides and talks of war. War becomes almost certain then.

"The collossal expenditures of energy and resources on armaments, that is an outstanding feature of many national budgets today, does not solve the problem of world peace. Perhaps even a fraction of that outlay in other ways and for other purposes will provide a more enduring basis for peace and happiness.'

A point well taken. Right here in Congress we vote seventeen billions for Army and Navy without the bat of an eye and quarrel like angry cats about comparatively negligible sums for hospitals and schools and the more enduring bases for peace and happiness.

The Nation Today

World Trade Unbalanced

By JAMES MARLOW

WASHINGTON — Officials of the Marshall plan — the Economic Cooperation Administration (ECA)—have just said a few things about Europe and made some suggestions.

The ECA has issued a 227-page report, the results of studies here and abroad by specialists of ECA and the department of commerce. The studies began months ago.

This country has been pouring billions of dollars into Europe to help it get healthy. This can't continue indefinitely. The government help all means money out of your pocket in the taxes you pay.

What then can be done so that Europe does get healthy? About the main thing the report said was this: the U. S. should increase the amount of things it imports. It said:

"World trade is fundamentally out of balance . . . Other countries simply are not earning enough dollars to pay for what they import from us. They have a dollar shortage."

In other words, if Europe could sell us more of its own things — since we'd pay them with dollars for what we bought — since we'd pay them with dollars for what we bought — they'd have more dollars to buy from us.

From July 1914 through 1948, the report said, the U. S. exported goods and services to a value of $270 billion and imported goods and services valued at about $169 billion.

So we exported $101 billion more than we imported in that 34-year period. How was the difference paid for?

* * *

Suggestions Offered.

SOME of it was in donations by private individuals or organizations, some in capital loans by private groups. But — $68 billion came from the U. S. government.

Of that amount, $49 billion was in grants, almost all made since 1941, and $19 billion in loans. Said the report:

"The American taxpayer therefore has a direct interest in closing the dollar gap as soon as possible."

Then the report reasons this way: One method of making a balance in the future would be to cut down on such government help.

But, without such help unless some other method was found, Europe couldn't buy from us. Then we couldn't sell to her. That would bring trade in both directions to a low level.

And the ECA experts, like many others, consider that bad. So it lists four things that could be done:

1. We could continue to shovel out American taxpayers' money so Europeans, with our money, could buy from us. This "is no solution of the basic problem," said the report.

2. We could cut down on our exports but that would damage our various export businesses and "would cause world trade to stagnate again as in the 1930's.

3. Americans could invest capital in Europe and "this is highly desirable" but "the gap is much too large to be closed by his method alone."

4. We could increase our purchase of imports, thus putting money into the hands of Europeans to buy our exports to them.

The report likes No. 3 and No. 4. Putting No. 4 across, the report points, would require things like these:

Lowering those American tariffs which are too high, in the opinion of the ECA specialists, on the goods we could use.

LIFE'S LIKE THAT

"If you can't pay them, just let them go . . . stop screaming that you are a soft spot in the national economy!"

Washington Merry-Go-Round

Some Big Tax-Fraud Cases Sidetracked

By DREW PEARSON

WASHINGTON. — President Truman's warning that there must be a tax increase recalls the fact that bureau of internal revenue experts estimate they could collect close to a billion dollars more annually without increasing taxes—if they had better income-tax enforcement.

Two years ago the 80th Congress chopped off a huge army of income-tax examiners, a group of hard-working, underpaid public servants who have the unpleasant but necessary job of checking on people's income taxes.

While part of this cut personnel has been reinstated, the tax examiners are still woefully understaffed and able to inspect only a fraction of the returns.

On top of this has developed another tax-payment deterrent—namely, delays and wire-pulling in the prosecution of tax frauds.

When the average taxpayer sees certain big shots getting away with spectacular tax violations, naturally he figures he is entitled to do the same.

This is not the fault of the treasury tax examiners nor the prosecution officers of the justice department, most of whom are diligent public servants.

But when tax frauds are sent to U. S. district attorneys for criminal prosecution, interminable delays sometimes develop. Some district attorneys just do not want to prosecute. Sometimes local politics are involved, and since U. S. district attorneys are appointed under a political spoils system on the recommendation of local senators and congressmen, they are sometimes more inclined to take orders from congressmen rather than from the justice department.

* * *

Delayed Cases.

BUT whatever the reasons, here are some tax-fraud cases which have been delayed or sidetracked between the justice department and the district attorneys in the field. In some cases no politics may be involved; but in any case the effect on the rest of the tax-paying public is bad.

Just outside Washington, D. C., the T-men found that the sheriff of Prince Georges county, Md., Earl Sheriff, had collected about $49,000 from gamblers during four years though he reported a total income of only $8,400.

But when the justice department sent his case to U. S. Attorney Bernard Flynn in Baltimore, he sent it back with advice that it was a difficult case to prosecute.

Again out in Kansas City Kansas, the T-men caught an eminent doctor, Herbert Hessler, failing to report as income 1,000 fees received from patients during three years.

The justice department sent the case to U. S. Attorney Lester Luther in Topeka for criminal prosecution, but Luther wrote back that he did not want to prosecute, because Dr. Hessler was too prominent in the community. The justice department instructed him to proceed anyway, however, and he is now doing so.

* * *

Patenotres Indicted

ANOTHER significant case, reported in this column as early as 1943, was that of Mrs. Eleanor Patenotre and her son over concealed profits made from the sale of the Philadelphia Inquirer, whereby the Patenotres paid a tax of only $1,567 in 1939 when they should have paid around $200,000.

Thanks to the diligence of one or two treasury agents and a series of exposes by this column, the Patenotres were finally indicted in August 1948.

However, the significant fact is that the justice department had all its information available in 1945, and that Raymond Patenotre was in this country from 1945 on.

Yet thanks to Patenotre's ability to hire one of the shrewdest tax attorneys in Washington, Ellsworth Alvord, no indictment was brought until 1948. Meanwhile there were libel threats against this column.

Even after the indictment, however, another year dragged by, with much legal haggling over a compromise. Finally it was arranged that Madame Patenotre would plead guilty and pay a $2,000,000 cash settlement if she didn't have to go to jail.

Most folks, of course, can't afford top lawyers or such big cash settlements.

* * *

West Virginia Gambler.

ANOTHER interesting tax-fraud case was that of Bill Lias, well-known Wheeling, W. Va., gambler who originally pleaded guilty to cheating the government out of nearly $1,000,000. After he entered his guilty plea, however, a considerate judge allowed Lias to withdraw his plea and face a jury.

At the subsequent trial, U. S. Attorney Lee Spillers not only bungled the case, but was put in an extremely bad light when it was disclosed that he had once received a large political contribution from Lias. Incidentally, the justice department had wanted to try the case with a special prosecutor, but Spillers insisted on handling it himself.

In the end, Lias was acquitted, even though he once had pleaded guilty.

Some Tips On Tipping

By INEZ ROBB

PARIS — (By Mail) — Before I left the United States, one of my assorted employers petitioned me to mak a comprehensive survey of the tipping situation abroad.

His etiquette editor, he complained, is swamped annually by queries from anxious Americans about to go abroad who want to know how much to tip a Paris taxi driver and what to slip a valet in Vienna.

"Write a good, lucid exposition on the tipping problems and editors up and down the land will love you like a siser," he promised.

Ha! I should live so long! Let me explain the quantum theory, Sam, and you get Einstein to tackle the tipping problem.

To begin with, there are now and always have been, two widely divergent schools of thought on tipping among both Americans and Europeans. They can, roughly speaking, be described by the two following exclamations:

(1) "For heaven sakes! Don't ruin the natives," and (2) "For crying out loud! Do you always have to be a tightwad?"

Let us face the hard facts of tipping at once: Not even the dodo is deader than the ancient and honorable belief that tipping i.. the amount of ten percent of he oal bill is a princely gesture. World War II forever ended that dream in both Europe and the U.S.A.

Furthermore, on the continent, hotels and restaurants take no chance on the dread possibility that the patron may have fish hooks in his pockets. When they ote up the bill, they automatically add an extra 15-percent charge, plainly marked "service" to the total.

* * *

Voluntary Addition.

ANYTHING the paying guest wishes to give above and beyond that 15-percent is his own business. He can't be forced to fork up another cent or sou. But, of course, if he likes the hotel or restaurant, he may wish to return again in the future.

And unless he wishes to sleep in the billiard room or be assigned a table next to the swinging door into the kitchen, he may well decide to add a bit of bounty or "squeeze" to the obligatory 15-percent.

But how much more? That is the $64 question. It is difficult to say which is more repugnant to American dignity: To be regarded as a cheap skate or a sucker. Consequently, the most common sight in Europe is a bedeviled American, clutching a pile of paper francs or lira, and trying to determine how much extra largesse to slip the waiter or the hotel staff.

It seems to me that expert advice is needed in this delicate situation. I offer as my expert William Macy Brewster, an American business man and an old friend, who has lived in Paris most of his life except for forced exodus during wo world wars.

Over a dinner table at Maxim's, where I kindly permitted him to buy me fancy vittles, Bill explained that the best social and economic policy to be pursued in re tipping is to add a voluntary five percent to the mandatory 15-percent.

The Robbs, during 3500 miles of motoring on the continent and another 1000 miles of air travel, have strictly adhered to the Brewster budget plan for tipping. We have found that it works like a charm. In a way, it has made five-percenters of us. But then, every plan has its drawback.

We have adhered, in general, to the twenty percent plan with taxi-drivers and other free-lance artisans, such as gondoliers, who do not come under the obligatory 15-percent service charge.

Paris taxi drivers and Venetian gondoliers are, by legend, lineal descendants of Europe's now defunct robber barons. So the Brewster budget met its ultimate test with these two, from whom we invariably collected profuse thanks even unto the third and fourth generation.

I heartily recommend the Brewster plan. It solves the tipping problem. And, as Bill puts it:

"This way you are neither chump nor tightwad. It steers a nice middle course. They may not roll out the red carpet when you return, but neither will they jerk it out from under you."

Down Honey Creek Way

Story of Tam O'Shanter

By LOIS ADAMS BYERS

POEM CLASSIC II

Author's Note: This series of abridged poem-stories is an attempt to share one of the quiet amusements of Honey Creek dwellers —to sit down for a half hour with a book of classic poems. I believe everyone loves poetry—only some have never been exposed to the kind they might enjoy.

* * *

TAM O'SHANTER was an Ayrshire Scotsman, with a failing for "a drap too much." His wife, Kate, warned him, but he wouldn't listen."

"You're a blustering blockhead," she said, "and you're never quite sober. If you go for the grist, you drink with the miller; if you go to the blacksmith shop, the smithy and you celebrate every nag that's shod; even at the kirk on Lord's Day you're as apt as not to find some crony to drink with until Monday. Sometime, mark my word, you'll be found drowned in Doon —or the wizards'll catch up with you some dark night by the haunted kirk."

On market night, Tam and his drouthiest crony, Shoemaker John, found a corner in the tavern and had a plenty o' mugs of ale.

A black storm was raging outside, but the tavern was warm and bright: the landlady was gracious; the landlord was jolly. By the end of the evening, Tam was hilariously drunk.

He barreled out of the tavern, climbed up on his gray mare, Meg, and gave her her head. Sheets of driven rain gleamed bright silver in the lightning flashes. Thunder rolled and bellowed. "It's a devil of a night," thought Ham, humming a tune in order to keep up his courage.

He passed the ford where a man had smothered in snow; he passed the big stone where drunken Charlie had broken his neck; he came to the place where hunters found a murdered babe; and to the thorn tree where a woman hanged herself. He approached the raging Doon near the haunted kirk—and the kirk had lights in every window! Mirth and dancing could be heard, within.

Liquor made Tam bold. He rode old Maggie under the window and peeked in. Wizards and witches were dancing in a room lined with the dead in their open coffins. Old Nick, himself, skirled with bagpipes from a window seat, until they screamed with frenzy.

Hags and withered bedlams, most of them were—but one was a winsome wench called Nannie, who wore a short linen garment. Tam was bewitched by her capers. "Well done!" he roared, forgetting himself.

All the lights went out. Like a flock of angry hornets, all the witches gave chase. Tam beat poor Meg, in an effort to reach the middle of the bridge before he was overtaken.

It's a well-known fact that witches or evil spirits cannot follow anybody farther than the middle of the nearest running stream.

Meg showed her mettle. With Nannie on her tail, she made a noble leap and saved the cringing Tam—but the witch held in and the tail came off in her hand. Meg had left only a stump. "Whene'er to drink you are inclined,
Or cutty-sarks run in your mind
Think, ye may buy the joys owre dear,
Remember Tam o'Shanter's mare."

ODD FACT

One out of every 35 automobiles meets with some kind of an accident each year.

Dave Boone Says:

MAYOR Bill O'Dwyer of New York has wired the United States Steel Corporation recommending unconditional surrender. His opponent Newbold Morris may step into the situation any minute now.

* * *

Bill wants to know whether it is principle or bull-headedness with Ben Fairless. He doesn't seem to have any curiosity how it is with Philip Murray.

* * *

I don't know what effect it will have in settling the steel strike, but it will put more pep into the New York political campaign.

Horoscope

By GENEVIEVE KEMBLE

For Thursday, October 27

It is probable that a peculiar, tangled and difficult state of affairs, in which problems of strange and irregular aspect may be uppermost in current affairs. There are singular, baffling and challenging matters coming up for sane and honest decision that demand serious study, shrewd insight, with all plans and ideas soundly executed with persistent, determined purpose. Big ideas, or strange ones, may invite attention and cooperation from influential sources.

For the Birthday

Those whose birthday it is are urged to carefully work out a plan of action for a peculiar, strange and complicated set of circumstances or challenging events. There are undercurrents or angles of peculiar for subtle factors, in which there may be emotional disturbances, queer feelings or drives. With safe and sane tactics, faithfully pursued on sound basic promises the attention and generous support of influential personages may be counted upon. Career and financial standing demand caution.

A child born on this day may crave the unusual, exciting irregular and strange adventures, in which success may reward unusual talents.

CASUAL WEAR

New York fashion designers are stressing the practical, "timeless" quality in casual wear that will carry from Southern resort through Spring and Summer cruise and cabana wear. Glosheen, fabric noted for retaining bright colors through suds or sun exposure, is receiving extensive use for casual wear "not definitely timed."

ELEVEN FRIENDS LEARN OF WEDDING DATE AT PARTY

November 20 Chosen by Miss Marcene Roberts and John Hittenrauch for Marriage.

THE DATE OF the approaching marriage of Miss Marcene Roberts to John Hittenrauch was announced last evening during a party given by the bride-elect's mother, Mrs. H. R. Roberts, 100 West Fourth street.

The eleven guests present learned of the date, November 20, by listening to a record which gave the details. St. Paul's Lutheran church will be the scene of the nuptial rite with the Rev. John Gensel officiating. The custom of open church will be observed for the formal ceremony at 2:30 o'clock.

Games and contests were the diversion of the evening with prizes being presented to Mrs. William Johnson, Miss Joan Solomon and Mrs. Kenneth Swetlick.

Refreshments were served at a late hour by the hostess with crystal and silver being used.

Miss Roberts is the daughter of Mr. and Mrs. H. R. Roberts, 100 West Fourth street, and Mr. Hittenrauch is the son of Mr. and Mrs. Kenneth Messmore, 33 Glenwood boulevard.

Mr. and Mrs. Frank Mastandrea, friends of the couple, will serve as best man and matron of honor. Bridesmaids will be Miss Joan Roberts, cousin of the bride-elect, and Miss Betty DeLaney, friend. Guests will be escorted to their pews by Richard Pribliski and Albert Bechtler. Davis Messmore, brother of Mr. Hittenrauch, will be ring bearer.

The bride-elect graduated from Mansfield Senior high school and is employed in the office of the Martin Steel Products company. Mr. Hittenrauch also a graduate of Mansfield Senior high school, attended Wittenberg college and is now a student at Ashland college.

Attendants Chosen For Wedding

Attendants for the wedding of Miss Evelyn Hazen and Richard Parsons jr. have been chosen by the couple. The nuptial vows will be exchanged Saturday evening at 7:15 o'clock in the South Main Evangelical United Brethren church during an open ceremony.

The Rev. Robert Hazen, brother of the bride will officiate for the formal ceremony with the Rev. Willard Shawk assisting.

Those who will serve the couple are Mrs. Glenn Hazen, sister-in-law of the bride-elect, matron of honor, Miss Anne Parson, sister of the bridegroom-to-be, and Mrs. Donald Gates, friend of the couple, bridesmaids.

Glenn Hazen will be best man and guests will be escorted to their pews by Joe Radojcsics and Donald Gates, friends of the couple.

Miss Hazen, who has been residing at 14 East First street, is the daughter of Mr. and Mrs. John Hazen, Bellville, and Mr. Parsons is the son of Mr. and Mrs. Richard Parsons, 88 Dawson avenue.

Shower Compliments Bride-Elect

Miss Shirley Skerritt, bride-elect, of Jack Cowen, was complimented with a miscellaneous shower, recently, at the home of Miss Ruth Neumann, Newville road.

Eleven guests were in attendance. Games were the diversion of the evening. Prizewinners were Mrs. John Harley and Miss Virginia Kindinger.

A large silver star hung over the serving table. Streamers were attached to the points of the stars leading to the honoree's gifts. Centering the star was a picture of the bride-elect.

At a late hour luncheon was served from the table, centered with a large cake with "Shirley and Jack" lettered on it.

The couple will exchange nuptial vows Oct. 30 in an open church service at the Central Methodist church. Rev. J. Frank Stewart will officiate for the formal ceremony.

Chapter Has Bridge Party

A bridge party was held Tuesday evening by members of Rho chapter of Chi Sigma sorority, when the group met at the home of Mrs. Wilbur Upson, Glenbeck Lane.

Mrs. Raymond Schmunk was chairman of the committee in charge, assisted by Mrs. Burlyn Shook, Mrs. William Sites, Mrs. Harvey Willsey, Mrs. Frank Waller and Mrs. Rosetta Young.

Prizewinners were Miss Margaret McFadden, Miss Ruth Jaberg and Mrs. Don Zalenka. Dessert luncheon was served. Mrs. William Enlow poured. The next meeting will be a business session Nov. 8 at the YMCA.

Pink Chosen For Color At Morning Wedding

MRS. JOHN RICHARD GATES —Photo by Smucker Studio

A wedding of all pink was solemnized this morning when Miss Ilene M. Hoffman became the bride of Dr. John Richard Gates.

The couple chose the home of the bride's parents for the scene of their lovely informal ceremony which took place at 11:30 o'clock.

Miss Hoffman is the daughter of Mrs. Miriam I. Hoffman and the late Lloyd J. Hoffman, 262 Elmwood drive. Dr. Gates, who has been residing at 213 South avenue, Van Wert, Ohio, is the son of Mr. and Mrs. John M. Gates, 795 Boyd boulevard, Galion.

Palms, ferns and two beauty vases of pink roses decorated the improvised altar at which the young couple exchanged their vows. Two seven branch candelabra with pink tapers were used for illumination. Arrangements of pink roses were placed throughout the home.

The Rev. Harry J. Dotson, pastor of the Hayesville Methodist church and a close friend of the family, officiated for the single ring service attended by only the immediate families.

Mrs. Glen O. Dobbs, of Cleveland, aunt of the bride, was pianist for the ceremony, and Miss Nancy Gates, sister of the bridegroom, served as soloist.

E. Corson Brower met his niece at the bottom of the stairway which decorated with greenery and pink bows, and gave her in marriage. The bride was attired in a street length frock of grey and pink metallic taffeta. A small pink imported velour hat completed her wedding ensemble. Miss Hoffman carried her Rainbow Bible topped with pink rosebuds and a shower of pink ribbons.

Twin sister of the bride, Mrs. William E. Dundon, of Columbus, served as her only attendant. She wore a wine crepe street length dress with quilted collar and flared pockets. Miss Hoffman chose a colonial bouquet of pink roses for her sister to carry.

Mrs. Hoffman wore a Copenhagen blue dress with grey accessories for her daughter's wedding. Mrs. Gates was attired in a black crepe dress. Both mothers had corsages of red roses.

John B. Burden, of Galion, a close friend of the bridegroom, served as best man.

Guests were escorted to their seats by William E. Dundon, brother-in-law of the bride.

A wedding breakfast for twenty-eight guests was held at the Sky club immediately following the ceremony. The table was decorated with a pink wedding cake, pink tulle and rosebuds.

For traveling to Washington, D. C., where they will spend their honeymoon, the new Mrs. Gates wore a wine suit with wine and grey accessories and a grey topper.

After November 5 the couple will be at home at 511 Washington street, Van Wert.

The new Mrs. Gates is a graduate of Mansfield Senior high school and Central Radio and Television school, Kansas City, Missouri. She attended Ohio State University where she began affiliated with Alpha Delta Pi, national sorority.

Mr. Gates, a graduate of Lewis and Clark high school, Spokane, Washington, attended the University of Montana and Bowling Green State University. He graduated from Ohio State University in the College of Optometry. He is a member of Epsilon Psi Epsilon, national optometric fraternity. Dr. Gates is associated with Dr. W. A. Hyre, Van Wert.

Out - of - town guests present were in attendance from Cleveland, Columbus, Willard, Galion, Ashland and Mt. Gilead.

Miss Henrietta Frank Gives Sorosis Program On Peddlers

Mrs. Edward Gibson was hostess Tuesday when the Mansfield Sororsis met at the Women's Club with twenty members present. A short business meeting was conducted by the president Mrs. George Hout.

Miss Henrietta Frank read an interesting paper on the peddler, entitled "Romance on the Road". She traced the Yankee peddlers and the Scotch-Irish peddlers along the Indian trails, first with packs on their backs, then in wagons.

Miss Frank told the audience that the tremendous clock industry of today, grew from the peddlers with their packs. The speaker said that proceeds from peddlers help support William and Mary college in Virginia for many years.

At the conclusion of her talk, members told of their own experiences with peddlers. During the business meeting it was voted to endorse the three mill tax levy and to approve the resolution of the Richland County Medical auxiliary, against socialized medicine.

Mrs. C. O. McClure will be hostess Nov. 8 at the Women's Club.

The Junior Nurses will hold a bake sale Friday in the Third street Market with Miss Marilyn Vandlik in charge. Anyone wishing to donate is to bring her baked goods to the Nurses' Home Thursday evening.

Consider These New Factors Before You Buy

We're living in a time when every homemaker thinking about decorating a new home or redecorating an old one, is confronted by a problem that isn't as simply solved as it appears.

No longer is it just a question of how much does she have to spend or where she should spent it, but more importantly, the pressure is on her to determine how her home will reflect the living philosophy of herself and her family. Whether she likes it or not she's going to have to make the decision regarding modern or traditional and she should make that decision only after serious reflection for the factors to be considered are many.

She will have to consider first the things she and her family believe in. How they live their lives; their individual characters; their attitudes toward graceful living and toward functional living.

If she's redecorating she should consider the architectural limits of her present home. In most cases she'll find that her box-like rooms are not suited to functional modern. If she's furnishing a new home, she should determine the character of her home at the architectural planning stage, so that her furniture will look as though it belonged—to give her home the character it must have before it can be a home—regardless of whether it's modern or traditional.

Of course she must consider the budget. If the budget calls for good furniture for long term use and for investment value, then the factors stated above have to be weighed in the balance. Will the family "look as though" it belonged in a Modern home, or a Traditional home! Are the present rooms suited for Modern or Traditional? If it's a new home that's being decorated, is it functional in its construction or styled in the tradition of some earlier graceful period?

The homemaker's next step of course is to determine her exact needs and set out to do some comparison. Cost will be the most influential factor in her decision. But this year, and for many years to come, Mrs. Homemaker will have to be more than just a budget-balancer. She's going to have to be a philosopher.

NATURE COLORS

Brilliant colors borrowed from Nature's land, sea and air dominions are being spotlighted by fashion designers for Southern resort and spring and summer wear in 1950. With emphasis on bright hues such as lime freeze, strawberry, shrimp pink, straw hat yellow, lagoon blue and carioca green, designers are looking to the remarkable decorator fabric, sunfast Glosheen, to preserve the lustre through repeated washings.

"FLIRTATION"

New York dress designers are strong for "crinkled" fabrics for resort wear in 1950. For the "romantic flirtation," designers find Waverly's new "crinkled" Glosheen — with embossed effect — gaining popularity.

ECZEMA

A simple way to quick relief from itching Eczema, pimples, angry red blotches or other skin irritations is to apply Peterson's Ointment to affected parts. Relieves itching fast. Bright Accent For Peaches

A bit of orange juice and freshly grated rind always provide a bright accent for canned cling peaches. For "Peaches with Orange Sauce", serve the big peach halves warm and fairly swimming in the fresh-tasting orange sauce.

PEACHES WITH SAUCE

- 1 cup syrup from canned cling peaches
- 1½ tablespoons cornstarch
- 1 tablespoon graulated sugar
- Few grains salt
- ¼ cup orange juice
- 1 tablespoon grated orange rind
- 1 tablespoon butter or margarine
- 6 to 8 canned cling peach halves

Heat peach syrup and stir in cornstarch, sugar and salt blended together. Cook and stir until clear and thickened. Remove from heat, add orange juice, rind and butter; stir until butter is melted. Serve hot over warm peach halves.

What Do Women Talk About?

What do you think women talk about when they get together? Men? No indeed. The question most discussed when the fair sex meet at parties or at the local hairdresser's is the "high cost of living."

What do you think is the next most discussed subject? Fashions, or the newest techniques of child rearing? No, you are wrong again. In the number two spot on the list of feminine discussion topics is—hold on to your hats — business and economic conditions in our country.

A leading woman's magazine recently asked a cross section of its readers what were the topics they discussed most frequently. These are the results as reported in the Woman's Home Companion; first, the high cost of living; second, business and economic conditions in our land; third, relations with Russia; fourth, local problems; fifth, government spending.

Chest Total Hits $9,118 In Bucyrus

65 Per Cent of Goal Subscribed

BUCYRUS — Bucyrus Community Chest workers reached the 65 per cent mark today in their campaign for $14,400, Harold Schneider, campaign chairman, reported.

Pledges totaling $9,118 were reported at the second meeting of campaign workers held last night at campaign headquarters in the YMCA here.

The industrial division, chairmaned by Paul Downend, is leading in total contributions with $3,814. In second place is the commercial division, headed by Robert Caldwell, with $3,333 followed by the residential section with $1,596 and public employes with $375.

Mrs. G. P. Butterman is chairman of the residential division and School Supt. D. C. Bear heads the public employes' group.

Another meeting will be held Friday night with the campaign scheduled to end Monday night, Oct. 31.

Dinner In Church Marks Centennial

ASHLAND — In celebration of the 100th anniversary of the founding of the Trinity Lutheran church Sunday school, a covered dish supper and special program are being held at the church tonight.

Following the supper, Rev. James Keyser, Columbus, director of religious education and youth work for the Lutheran synod of Ohio, will serve as speaker.

Recognition will be paid Rev. Howard Alsdorf, Ashlander, who returns soon to the mission field in Japan where he served prior to the war. Rev. Mr. Alsdorf is the son of Mrs. John Alsdorf of Ashland.

Fibre board for cabinets and walls is made from wood pulp.

PRETTY SALESWOMAN—Mayor Roy W. Vaughn samples some Wisconsin cheese offered by Miss Wisconsin herself, attractive Marvene Fischer. Miss Wisconsin was in Mansfield yesterday afternoon to promote Wisconsin cheese. She appeared at the Brigham Red and White store, 359 West Fourth street. Later, she attended a joint dinner meeting of the Mansfield and Ashland Optimist clubs at Richland Recreation before going to Columbus to meet Miss America, Jacqueline Mercer, this morning.

Evangelist Opens Series In Galion

GALION — Rev. Guy Libbey opened a two weeks' series of evangelistic services in the First Baptist church here Monday night. With the exception of Monday evening these meetings will continue through Nov. 6.

Two unusual features of the services are that Rev. Libbey plays two trumpets at the same time, playing two distinct harmony parts, and in another number he plays the trumpet and the piano at the same time.

Galion Speaker Raps Centralized Government

GALION — Speaking on centralized government, Joe Thomas, of Hayesville, cited many reasons why he is against it when he addressed the Galion Kiwanis club, yesterday noon, at Hotel Talbott.

Thomas is president of the Trustees and clerks. He declared State Association of Township that centralized government is as bad as an anarchy.

Shelby Catholic Vets Continue Play Casting

SHELBY — Casting continued last night for the home talent variety show being sponsored by the Catholic War Veterans as a benefit for the Shelby Memorial hospital.

The play, to be given Nov. 1, and 2 at the Shelby high school auditorium, is under the direction of Miss Virginia Coleman. Proceeds will be used to purchase a new oxygen tent to replace the obsolete tent now in use.

More Meat at Lower Prices Due In '50

Average Supply Up 3 Pounds

Pork To Lead Output Boost

WASHINGTON — (AP) — More meat at moderately lower prices is in prospect next year, the agriculture department said today.

Next years supply may average 150 pounds for each consumer, compared with 147 this year and the record of 155 in 1947.

Almost all the predicted increase in supplies will be in pork. Consequently, most of the price reduction will be in such meat.

The department predicted 1950 production of pork may be 7 to 10 per cent greater than this year. This estimate is based on prospects for a larger pig crop this fall — the crop which will go to slaughter market next spring and summer.

The 1950 spring pig crop —the slaughter supply a year from now — also is expected to be larger than this year's spring crop by at least 5 per cent, the department said.

Encouraging farmers to increase hog production is an abundant supply of corn and other feed grains available at favorable prices.

The department said about as much beef and veal may be produced next year as this. A strong demand for beef and an abundance of corn are stimulating cattle feeding. Again next year an unusually large part of the total beef supply will be of the better grades that come from grain-fed cattle.

Cattle numbers, which apparently are increasing again after a post-war decline, may rise further next year.

With demand continuing strong, prices of beef and cattle in 1950 may not average much lower than in 1949, the department said. Returns from cattle feeding are likely to be better this winter than last although considerably lower than in several years of the 1940's, when a prolonged rise in prices resulted in unusually high profits from feeding.

Production of lamb and mutton, already very small, may be reduced somewhat more in 1950 if the present swing toward rebuilding sheep herds continues.

DOING IT THE HARD WAY—Contrasting with modern farm machinery used throughout the United States, these farmers are shown cutting hay on the sides of Heuberg (Hay Mountain) in German Bavaria. The process is slow and tedious, but how could they manage to keep a tractor and mower sticking on the mountainside?

Recruit Goes To San Diego Base

Seaman recruit Thomas D. Linn, 18, son of Mr. and Mrs. Otto C. Linn, 527 North Columbus street, Crestline, arrived today at the U. S. Naval Base in San Diego, Cal., to begin recruit training.

Enlisted in the regular navy for four years, Linn is a graduate of Crestline high school. He will undergo 12 weeks "boot" training.

Mansfield Naval Recruiting station today announced its regular Navy quota has been cut to two enlistments per month, effective this month.

Naval reserve enlistments, however, are unlimited.

Farmers Invited To Join Corn Field Day Near Tiro Friday

TIRO — A corn Field Day will be held at the Bender farm on Route 98 west of Tiro Friday Oct. 2. The event is being sponsored by the DeKalb seed corn dealers of Crawford County. Howard Moon is the operator of the farm and has a 12½ acre field with 28 varieties of DeKalb corn growing in plots. All plots are marked and may be easily examined. The field is along the road and plenty of parking space is available. All farmers of this area are invited to the field day.

Corn will be husked by ahnd from 87½ feet of two rows in each plot during the day. The yield per acre of each variety will then be computed. All the corn was planted on Monday May 16 with 250 pounds of 3-12-12 fertilizer applied per acre.

The field day program is scheduled to start at 12:30 p. m. Sponsors are: Cloyce Baird, Sandusky Township, D. C. Haynes & Son Cranberry Township, Glenn Wagner, Whetstone Township and Ezekial Dapper, Bucyrus Township.

The test plot is in a field of rich black soil. The average yield of Howard Moon's corn is 1948 was 110 bushels per acre. The field was in clover and alfalfa last year. The ground was covered with manure and 400 pounds of super-phosphate last winter.

3-Year-Old Blind, Gives Piano Concert

BROOKLINE, Mass. — (INS) — Some 300 persons sat spellbound in Temple Sinai, listening to a three-year-old girl pianist play such selections as Victor Herbert's "Red Mill," and a number of Strauss waltzes.

Seated in the audience were her parents, Mr. and Mrs. Sidney Hoffman of Dorchester. The proud parents said their daughter Rosalie, who has been playing for a year and a half, plays entirely by ear, having learned the music from her father's records.

Rosalie, a premature baby, has been blind since birth.

College Grads Learning More

NORTHFIELD, Minn. — (UP) —The Carleton college placement service director says college graduates aren't as satisfied with getting a mere B.A. as they used to be.

Dr. Leith Shackel says that from 1947 to 1949, Carleton graduates going into business and industry dropped percentage-wise from 36½ to 27, while the percentage of those going after higher degrees jumped from 30 to 42.

Dr. Shackel said educational requirements in many fields of work have been raised, and students plan when they start college to get higher degrees.

Somewhere in the Andean highlands of Peru or Ecuador the white man first came upon the white potato. Not until long after he transplanted it from South America to Europe did it become known as the "Irish"

Pump Out Ship's Hull

TORONTO, Ont. — (INS) — Three steam pumps started yesterday the task of pumping tons of water from the charred hull of the Great Lakes liner Noronic, which burned at Toronto on Sept. 17 with a loss of at least 140 lives.

Authorities said additional bodies may be found beneath the ship's hull when it is raised.

Meanwhile, coroner officials still are attempting to identify some 20 victims whose charred bodies are encased in steel caskets.

They hopted that toe-prints, taken in Cleveland as a college fad, might enable them to identify one body as that of Mrs. Dorothy Coleman Timanus, wife of a Cleveland doctor.

Her husband is among the known dead.

Two Doctors Give Report On A-Bomb

Four Miles Is Safe Distance

MEXICO CITY — (AP) — You do have a chance against the atomic bomb—if you are at least half a mile away from the explosion.

Maj. Albert J. Bauer, of the U. S. Army Surgeon General's office says if you're four miles away when the bomb goes off, your chances of escaping without injury are almost perfect.

But from four miles in toward the center, the safety percentages drop off sharply. From a half mile out to a mile and a half from the atomic blast, it is about 50-50 that you will come out alive. In the half-mile inner circle, "there will be almost complete destruction" with deaths very close to 100 per cent," Bauer says.

Bauer prepared this report with Capt. John R. Hogness of the U. S. Army Medical center for presentation Tuesday before the 12th International Congress of Military Medicine and Pharmacy meeting here.

Military medical officers from 28 nations are attending the congress. Basing their finding on the atomic explosions at Hiroshima, Nagasaki and Bikini, the two army medical men described the effect of an atomic blast and how to defend a city against it.

Agreeing that "the atomic bomb is truly a fearful and extremely destructive weapon," the report emphasizes that the public must realize "an atomic explosion is not the end for all concerned."

At Hiroshima, 50,000 in a city of 250,000 died from one bomb. But the report blamed the high death rate on the downtown location of hospitals. At Hiroshima nine-tenths of the doctors and nurses were bomb casualties. This prevented medical aid which could have saved many victims.

And what to do about a bomb attack? Bauer and Hogness recommended preparedness measures not much different from those for any other kind of bombing.

DETECTIVE ENDS 30-YEAR SEARCH

Finds Answer in Daviess County, Ky.

RICHARD WRIGHT

"For 30 years," says Richard Wright, Private Investigator, "I've been looking for America's most satisfying, full-bodied and economical straight whiskey. Farmers Get Warning

Frost Can Turn Forage To Poison

A hard frost may turn wholesome forage into deadly poison the American Foundation for Animal health warned today.

Large numbers of cattle and sheep die every fall from eating the frosted leaves of cane, Sudan grass, sorghum and Johnson grass, the foundation reminded livestock owners.

The lethal factor is prussic acid which forms inside a green plant when freezing or wilting breaks the cell walls. For some reason, however, horses and swine are not too often affected by it.

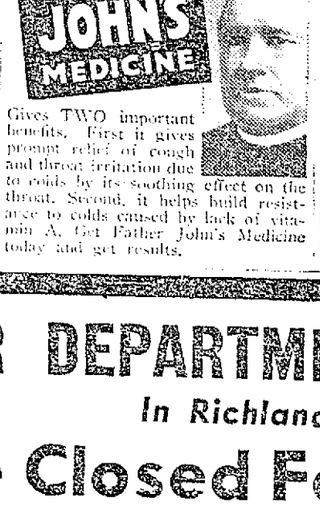
Another potentially dangerous plant, the foundation said is rape, which contains a materialize oil that concentrates at freezing temperatures and is intensely irritating to animals digestive tracts.

Animals suffering from prussic acid poisoning should then fall to the ground with muscles twitching. Salivation often is heavy and death is caused by oxygen starvation.

Death may come within even a few minutes, so the foundation urged owners to get their other animals out of the field immediately if one animal develops these symptoms.

Many poisoned cattle and sheep can be saved by injection of special antidotes directly into the blood stream, although the veterinarian may recommend certain emergency antidotes to be given before he arrives the foundation said.

One method of testing a field for the presence of heavy prussic acid concentrations is to graze one animal there for ten days or two weeks. If it remains unharmed, the remainder of the herd probably can be allowed in without danger.



Gives TWO important benefits. First it gives prompt relief of cough and throat irritation due to colds by its soothing effect on the throat. Second, it helps build resistance to colds caused by lack of vitamin A. Get Father John's Medicine today and get results.

Ohio Couple Continuing Fight For 'Lost' Child

ANN ARBOR, Mich — (UP) — An Ohio couple who claimed orphan Tommy O'Neill as their kidnaped son yesterday begged Michigan authorities "not to let anybody else" adopt the waif until their investigation is finished.

Clarence F. Ramsay, superintendent of the Michigan Children's institute where Tommy is a ward, got a letter from Mr and Mrs. Arthur Thompson, Dayton, asking that "no plans be made" until they can be sure of the lad's background

They believe Tommy is their son, Ronnie, who was abducted by a nursemaid five years ago, from his grandmother's home at Dayton.

Ramsay revealed that plans were complete for Tommy's adoption by another family.

"But we're holding everything up until the Thompsons can be convinced that he's not their boy," he said

"They won't have to go to court because we feel very sympathetic to the Thompsons and we want to help them"

He said the Ohio couple had not made any move to adopt Tommy, and had told him earlier that "we wouldn't want him if he isn't our boy"

State Launches Drive For DP's

ST. PAUL —(UP)— Minnesota will launch a campaign to resettle European nurses, doctors and other professional workers within its borders.

Edwin R. Armstrong, New York, executive director of the emergency council for displaced European professionals, said Minnesota Gov Luther Youngdahl thinks the plan may help the state's new mental health program

Local committees throughout the state will be appointed by the Minnesota commission for resettlement of displaced persons to bring such professionals to Minnesota.

TIFFIN MAN LOSES 40 LBS. WITH RENNEL

"I cannot say enough for what Rennel has done for me," writes Mr D S Ladd, Box 805, Tiffin, Ohio "I am 67 years of age Since taking Rennel I have lost 40 lbs and feel so much better"

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home Make this recipe yourself It's easy —no trouble at all and costs little It contains nothing harmful Just go to your druggist and ask for four ounces of liquid Rennel Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active. —Adv

Old Atmosphere of Moral Outrage Passes From the Gridiron Scene

NEW YORK—One of the things missing from football this season is the old atmosphere of moral outrage.

The two big controversies of my reportorial youth were:

1. Are wrestling matches fixed in advance?
2. Are college football players subsidized?

Today these two questions seem about as important as the debates among medieval philosophers over how many angels could sit on the point of a pin.

Right or wrong, the sports-loving public years ago decided that, yes, most rasslin' exhibitions are pre-arranged entertainment, with the winner picked ahead of time. And it also has pretty well made up its mind that college football players are subsidized. The only question remaining is whether the right man gets enough.

In the old days groups of annoyed professors, indignant at the realization the football coach made more than they did, led the attack on the game. They fomented against the payment of college athletes in the form of scholarships, salaries, job sinecures, or gift automobiles from alumni.

It was a losing battle. A losing team can't draw the crowds to pay off the bonds on a stadium, and a winning team can. And in many, many cases college presidents found they had to wink at the subsidization of athletes by coaches and wealthy alumni in order to keep their education factories solvent.

★

The days when a moleskin hero would break a collar bone for nothing were over. The football became a big business, and it had to function like big business. It had to fork over the going price for the raw material—muscle and speed.

Now the issue appears settled. The institutions that didn't want to go into football on an industrial basis simply had to drop out of the competition. At the University of Chicago they study the great books. Other ivory towers still keep the turnstiles clicking at the gridiron gate.

The professor labors alone in his laboratory to develop the next wonder drug. But it's the young man who can throw a forward pass who is paying off the debt on the field house.

This hero in pigskin not only packs the stadium — he fills the barrooms which tune in on the game by television. A multitude of workers in other fields—from sports manufacturers to the fellow who paints the goal posts—depend upon him. In big cities he even supports scores of bookies who take bets on the score.

★

Football used to be a seasonal industry, like the Santa Claus industry. It has become an all-year round thing. Spring training is of rising importance, and the earnest coach beats the bushes and the byways looking for autumn material. The search for talent, too, has become a competitive science.

Naturally the players themselves put a price on their services. And, by and large, the public now appears to see that as okay. It is part of the American theory that a guy with something to peddle is a dope to give it away.

The whole outlandish enterprise may be slightly immoral in pretending to adhere to its amateur standing, while operating on a principle of professional efficiency. But the people like it—all but the professors.

You couldn't break up college football today with an anti-trust suit. The fans wouldn't stand for it.

Tells Food Men How To Speed Sales

Expert Hails Newspaper Ads

The value of newspaper advertising in promoting sales of retail food dealers was outlined to 128 members and guests of the Mansfield Grocers' Institute Tuesday evening when John Milton of Chicago, spoke at the second annual dinner meeting of the organization at the Sky club.

Milton has been associated with the National Meat Packers' association for 30 years, and with the American Meat Institute for the past nine years.

He emphasized the necessity for repetition in advertising to put across the retailers' story.

"Repetition is how pupils in school learn the alphabet," he said, "and repetition is a 'must' if advertising is to succeed".

He urged dealers to post ads in windows of their stores to provide the point of sale contact with women, whom he described as most important in the retail business as practically all retail sales are made to women customers.

"By increasing the efficiency of your advertising and displaying it in your stores, you can offer a real service to the women of this community", he said. Milton defined advertising as "everything a dealer can do to push people toward an idea or product, while he described merchandising as "doing everything you possibly can to push a product towards the people".

He told the group that his organization has spent over 35 million dollars on advertising meat, and all such advertising has been focussed on women. He suggested that dealers also aim their advertising toward young people between the ages of 25 and 45, as older customers have their buying habits pretty well established. He urged all dealers to feature honest values and quality to keep customers coming back into the stores, and to sell products of which they are proud.

In closing, Milton told the dealers to tell their story in local newspaper advertising which women will read and from which they will buy.

The guest speaker was introduced by R. R. Black, secretary of the Independent Grocers Institute. Other speakers at the session included Arthur Lavin, secretary and treasurer of Sugardale Provision company, and James P. Loomis of the Mansfield Health department.

Death Takes Mrs. Boylan

Mrs. Nora Boylan, 78, a resident of Mansfield for the past 55 years, died Tuesday morning in a Columbus hospital after an extended illness.

Born in Crestline Dec. 25, 1870, Mrs. Boylan had spent most of her life here. She was a member of the St. Peter's Catholic church.

Surviving are one son, Rex at whose home, 236 Park avenue east, she lived; one daughter, Mrs. Stanley Baber, Paris, Ill.; a sister, Mrs. Henry Hoffman of Lorain, and one niece.

Friends may call at the Geiger funeral home until 10:45 a. m. Thursday when Funeral High Mass will be said at the St. Peter's Catholic church by Msgr. R. C. Goebel. Burial will be in the Mansfield Catholic cemetery.

Strikes, Poor Jail Troubles Not New

By NITA BRANSON

James Breres, rear 164 West Fourth street, unexpectedly came up with a "collector's item" when he helped his wife clean out the attic at their home this week.

Behind the back of an old picture, Breres found an issue of The Mansfield Sunday News, dated May 16, 1886, and a miniature child's book of verse put out as an advertisement by a nationally-known thread company.

The paper, cut to fit the back of the picture, is only half a double page but it carries a number of interesting items about Mansfield people and several items of nation-wide interest.

Strikes were bothering the American people even then and an article with a Cincinnati dateline of May 15, tells of a "communist, August Pellman", who was accused of distributing hand - bills detrimental to the public welfare.

While the strikes in Cincinnati were being settled, coal miners of Mantic, Macon county, Illinois struck because the company refused to pay for dead or "horseback" work. According to the article, the strike was expected to spread through the entire nine counties of the third Illinoise district.

Another item tells of the "miserable condition" of the city prison and the fact that the officers were afraid to go home at night for fear they would carry vermin. A committee was appointed to look into the matter. That committee included Capt. A. C. Cummins, Harvey Cook and Gen. Rocliffe Brinkerhoff.

"Its a crime against humanity," Gen. Brinkerhoff was reported to have declared, "to shut a human being in such a place. Its perfectly astounding."

The article tells that a year previously, Gen. Brinkerhoff had drawn up a plan for a new jail, which would have been "one of the finest in the state" at a cost of only $6,000. By the plans, the building, then located where the Walpark building now stands, was to have been extended 18 feet farther south and the interior completely revamped.

Among the advertisements was one which said "Situations wanted by females can have the same made known in this column without charge."

Another column entitled "Hats they Wear" gives the amusing low - down on the kind of headgear prominent Mansfield men were adopting. For instance, "Rufus Tracy likes a brown crush" "Dr. Loughridge loves a becoming silk Dunlap", "LeRoy Parsons discusses insurance beneath a white derby", "Dr. Harvey Craig smiles beneath the latest light derby," and "Norm Wolfe wears a manilla mixed with plug."

The late Dr. Loughridge was the father of Edward Loughridge of 521 Woodland road, and Norm Wolfe was the late Judge Wolfe, father of Norman Wolfe, county auditor.

Thieves Get $56 In Cash

Theft of $36 in cash from the Reliable Cab office, 121 East Fourth street early today, and the looting of $20 from a woman shopper's purse shortly after noon yesterday, was reported to police.

Ed Tillman who reported the cab office theft, told police at 2:10 a. m. today that someone entered the office while he was asleep in the place. He said the thief broke a lock off the back room door and stole the money. Tillman named a suspect for police.

Mrs. Charles Mahon, Mansfield, R. D. 2, reported to police at 1 p. m. yesterday that her purse was snatched from a counter as she turned around to inspect an article in the mirror at Sears.

The purse was later found in a car, parked on South Diamond near the Park theater, and turned over to the sheriff's officers. Police said the $20 in cash was missing from the purse, but that car keys, identification card, and driver's license were intact.

Bruce Reports To P-TA

Shipment of Girders Halted

The steel strike is delaying construction of the new Brinkerhoff school on Highland avenue, Harold A. Bruce, vice-president of the board of education, told P-TA council members last night.

Delivery of steel girders and joints for the framework of the structure has been delayed, Bruce said.

Bruce, with Supt. of Schools W. L. Miller, led a discussion on "Are Mansfield Schools Progressing?" at the meeting last night at Johnny Appleseed junior high school.

Taking the physical aspects of Mansfield's school progress as his theme, Bruce arranged for the showing of pictures of the city's new and old schools, depicting graphically the difference to be found between the city's elementary schools erected in the last part of the 19th century and those being built today.

Miller emphasized the departmental growth in the city's schools, such as vocational, industrial arts, commercial, music, both vocal and instrumental.

"We are one of the few school systems in Ohio of comparative size," Miller said, "which employs a full-time psychologist."

That office here is filled by Dr. Fensch who conducts tests continually among the city's schools children.

PRESENTS CANDIDATES

The nine candidates for school board posts were introduced by Mrs. Howard Wenning, program chairman and one of the nine candidates.

Each of the candidates, Harold George Frank A. Berkey, Carl Stough Kenneth Cadigan, Richard Wolford, Nelson Neff, Floyd Smith and Mrs. Wenning spoke of their interest in Mansfield schools and their ideas concerning important questions.

Smith was the only one of the nine who raised the dormant question of religious education. He favors restoring this branch perhaps in some other form, to the city school curriculum.

Mrs. Wenning spoke of her interest in athletics and her wish that other departments would be brought up to the level of the athletic activities branch.

200 Attend RM Dinner

About 200 persons attended the 25th annual dinner of the Mansfield Retal Merchants association at the Mansfield-Leland hotel last night and heard Dr. Tennyson Guyer, Findlay, tell them that there is still a vast market for consumer's goods.

Guyer said there are 10 million farmers without electricity in this country. This, he said, is a market for power and appliance companies to tap.

He suggested that there are a great number of persons waiting to buy goods, but that businessmen have been timid in stocking their counters.

The speaker advised that "we can make our own climate in the business world." He pointed out that conditions are what we make them in relation to potential markets.

"While business is singing the blues, the waiting room is full of people who want to buy," Dr. Guyer said. "One of the nice things about American business is that there are 12 million businessmen and only one boss, the customer."

Tyger Coach Augie Morningstar was introduced to the meeting as Mansfield's "number one citizen". He gave a brief talk and thanked the retailers for getting behind the team.

Three merchants were elected to the organization's board of trustees at the meeting. They were Samuel H. Campbell, manager of the Sherwin Williams store, Carl Russell, vice president of Golden-Russell, incorporated, and William L. Faulkner, manager of Kobacker's department store.

Catholic Author-Editor Addresses Mansfield Group

"We have reason to fear the end of human history since in our society today the idea of man is no longer clearly seen and acted on," Rev. John S. Kennedy told the nearly 1,000 persons who attended his lecture in the auditorium of St. Peter's Catholic church last night.

Rev. Kennedy, associate editor of the Catholic Transcript of Hartford, Conn., literary critic, and author of several books, gave the first of four lectures in a Catholic forum sponsored by the Councils of Catholic Men and Women of the Mansfield Deanery. His topic was "The End of Human History."

He told his audience human history is determined by the idea or appreciation of man which permeates society at any particular period.

Speaking of the events of history, he said the coming of Christ marvelously dignified the identity of man, but the breakup of Christendom changed this idea. He added one of the affects of this religious schism was the idea that man is totally corrupt and impotent in himself and another was that man is predestined for heaven or hell.

On the brighter side, Rev. Kennedy said people are beginning to see that communism is trying to destroy the church because it sees in this instituton the greatest champion of human rights and destiny.

"We all can do something to make the right idea of man prevail, so civilization will not go down into the deep everlasting night of inhumanity," he concluded.

The next speaker in the forum will be Donald Attwater, writer, editor, and scholar, who will discuss "Catholics and Their Liturgy," Dec. 4.

Appleseed Choice Over Simpson 11

BY CHARLEY STINE

Today is D-Day for students at Mansfield's two junior high schools as they prepare for the traditional battle between John Simpson and Johnny Appleseed at 8 p. m. at Arlin field.

Some 5,000 cheering students and adults, bands from both schools and an array of queens and attendants will add to the festivities. Only possible rival to this day for the junior highs is a similar contest in the winter when the two schools clash in basketball.

Appleseed goes into tonight's game a slight favorite with a record of 12 straight victories. Eight of the wins came last year when the Pioneers ended the season with a 7-0 victory over Simpson.

Simpson had won three games, lost two, and tied one. Against common opponents this year, scores of the two teams are almost identical.

Leading scorer on the two squads is Jim Schafer, Simpson halfback, who has tallied seven touchdowns and two extra points. Schafer is a threat both as a runner and as a receiver for the passes of Quarterback Paul Jaynes. The third backfield threat is Fullback Benny Carbetta who is co-captain along with Schafer, and has scored four TD's.

CHIEF THREATS

Appleseed's chief threats come from its two halfbacks Darce Shasky and Jim Witzky. Shasky has three touchdowns and Witzky three. End Ned Diemer has three touchdowns, also scored on passes.

Simpson holds an edge over the nine-year history of the series, having won six games and lost three.

In case of bad weather tonight, the game will be postponed one week.

Schoolboy Grid Performers Are All Burned Up

DAYTON — (INS) — High school gridders from both Tipp City and Eaton near Dayton are all burned up—literally—over results of their ball game Friday night.

Raw agricultural lime, used to mark a muddy field for the game at Tipp City, caused burns of the arms, legs, back and other parts of the schoolboy gridders' bodies.

In all, eight Tipp City players and six Eaton performers suffered burns or more or less severity.

Shelby Whippets Collide With Norwalk Tomorrow

BY JOHN PATRICK

SHELBY—The Shelby Whippets will try to maintain the challenging role in the Northern Ohio league when they play host to the Norwalk Truckers tomorrow night in a home-coming celebration at Skiles field.

The memory of the 1948 game with the Truckers causes a smarting that quite a number of the Whippets squad remember and will be out to amend. In that game, Bill McKinley, Norwalk's all-league quarterback, was greatly responsible for the 25-to-7 beating.

Again McKinley is back and his passing and running is just as good, if not better than last year.

However, there is a fly in the ointment. Matter of fact, there will be eleven flies consisting of a determined and fighting bunch of youngsters known as the Shelby Whippets.

Sparked by potential All-Ohio candidate Jim Berry the Whippets have a drive that is hard to beat. Along with Berry in the backfield are Clancy Fackler, Dinty Moore and Jerry Dennis, three of the fastest backs in the league. Dennis who has been sidelined the past few games because of injuries will aid the Whippets scoring power with his accurate passes.

But that's not the extent of it. The Whippets have a line which, although small, has been outfighting heavier opponents. The sharp tackling and blocking may be the fulcrum of victory.

Larry Young, Jim Hassler and Bob Hoover, three watch - fob linemen who weight 115, 140 and 142 pounds respectively have been doing a great job against tough opposition.

NOD TO WHIPPETS

Although the game tomorrow will be fairly even, the nod again goes to the Whippets. The team has succeeded in breaking Berry and Fackler loose all during the season and there's no reason why it won't continue to do so tomorrow.

Bill Wilkins may have an unknown factor in the person of Ross McFarland to utilize against the Truckers. The big back has shown plenty of power and speed in the few games he has carried the ball.

Chuck Hunter Defeats Young Indian Boxer

CLEVELAND — (AP) — Al Williams, a 22-year-old Indian from Wichita, Kans., lost an unanimous eight-round decision to Chuck Hunter of Cleveland before 4,597 fans at the arena last night.

Fighting in his first try at big time boxing in the east, Williams won only one round—the fourth. Both are middleweights.

Bucks Scrimmage For Northwestern

COLUMBUS —(INS)— Buck Coach Wes Fesler, obviously pleased by results of Ohio State's first offensive grid scrimmage in almost a month, planned to send his charges through another brief offensive drill today for good measure.

The Buckeye varsity romped through an hour-long offensive workout yesterday against a squad of freshmen and came out of the melee physically unscathed and looking sharper than they have since before the Minnesota game.

What's more, observers opined, the Bucks appeared on top of the world mentally and keyed for the Northwestern clash Saturday at Ohio stadium.

The scrimmage was aimed primarily at brushing up on blocking technique and was termed by Fesler "exactly what we needed," he added.

"We've just been afraid to try an offensive workout with our injury situation the way it is. However, against Northwestern I think we'll be in the best shape we've been in so far this season."

End Chuck Gilbert, fullbacks Curly Morrison, Vic Janowicz and Pete Perini and center Bob McCullough missed yesterday's heavy work, but all were expected to be ready for Northwestern.

Indications are the Bucks and Wildcats will clash before a crowd of from somewhere between 80,000 and 81,000 which would make it fourth largest in Ohio stadium history.

Ohioo State at present is rated a seven-point favorite.

Maxim Wants Match With 'Ez' Charles

CINCINNATI — (AP) — "I want Charles . . . I'll cut him to ribbons." That was the challenge tossed at Ezzard Charles of Cincinnati, the NBA heavyweight boxing champion, today by Joey Maxim of Cleveland after a fifth-round technical knockout here last night over Joe Kahut of Portland, Ore. The attendance was 3,211.

Maxim pulled no punches in clamoring for another crack at Charles who won a 15-round decision from the Clevelander here last winter.

"I want Charles again," he said. "He's a dirty fighter. He doesn't break clean.

"I've always been a clean fighter and have respected my opponent as they have respected me. If I can get Charles into the ring again I'm going to cut him to ribbons."

Promoter Sam Becker, had promised he'd do everything possible to match the winner with Charles.

Cage Officials Set Meeting

The first basketball rules meeting of the North Central Ohio officials association will be held at 8 p. m. next Monday in the new Friendly House on North Mulberry street. All meetings of the association will be held there hereafter, according to secretary Jim Lymper.

Lymper invited all coaches and officials in the area to be present for the confab. New rule changes will be discussed. Among new rules this year are one that all rims must be painted orange and another that in the closing minutes of the game, a personal foul gives the offended team both a free throw and the ball.

City Basketball Leagues Attract Twenty Outfits

Twenty teams signed up for city basketball league play last night at a meeting of managers at the recreation department offices.

Teams were tentatively segregated into three leagues. Members of the basketball committee of the Man-field Athletic commission arranged the teams as follows: Class A, Ohio Sport Center, Penn Auto and Sporting Goods, Yuncker Sports, Frankie Mitsch's, Komito's Clothes, Gay Nineties Cafe and Martin Hardware; Class B, Mansfield Tire, Westinghouse, Ideal Electric Jone's Potato Chips, Well's Grocery, Salesmen and Cole's store; Class C, Kroger's, Eagles, News-Journal, Four Square Gospel, Farm Tools and Moorhead's.

The "A" league will play Mondays and Wednesdays at Senior high with the other leagues playing Tuesdays and Thursdays at John Simpson. Deadline for entering is Nov. 7 while league play opens the third week in November. Practice permits can be picked up at the "Rec" offices.

Tygers Battle Once-Victorious Kent Friday

Roosevelt Forfeits First Two Contests

Strictly off the records, Mansfield Senior high school would seem to be in for an easy victory on the gridiron Friday night when Kent Roosevelt invades Arlin field.

Kent has won only one of six games but the records are misleading. The Rooseveltians seemed off to a great season when they knocked off Medina, 37 to 6, and Akron Buchtel, 19 to 6, in the first two games. However, Forrest Brant, Kent's fine fullback and the spark of the attack, was declared ineligible and Roosevelt forfeited the two games.

Then came losses to Maple Heights, 6 to 0; Cuyahoga Falls, 27 to 6 and Ravenna, 33 to 12. Coach Joe Mileski finally got his club straightened out last week in time to defeat Bedford, 19 to 12.

It took Mileski a month to find a suitable replacement for Brant in Kent's single wing mode of attack. Dick Rhodes, a 170-pound veteran center, apparently has solved the problem. He was transferred to fullback two weeks ago and looked good against Bedford.

Last Friday's Mansfield upset of Massillon has served to bolster Kent's attitude for its biggest game of the season. The players figure that if Mansfield could defeat Massillon they stand a chance against the Tygers.

"After last Friday it seems kind of rough," says Mileski. "I hope the Kent boys are keyed up. We stand a chance if the boys play ball. We haven't had many breaks this year but have a good team."

NINE LETTERMEN

Nine lettermen man the Kent team which uses deception as its main offensive weapon. "We haven't much weight," Mileski admits. "So we try to fool 'em."

The veterans are: ends, Ed Ferry, 165 and John Rohal, 165; tackles, Ed Sapp, 205 and Jim Moore, 175; guards, Lou Smith, 185 and Bob Honeychuck, 175 and backs, Rhodes, 170, Tom Brown, 140 and Ken Bentley, 150. Rounding out the starting lineup is Center Terry Hill, 165 and Back John Seifer, 145.

Rhodes plays tailback in the single wing with Bentley cavorting as the "spinner." Bentley calls the signals, handles the ball and is Kent's best passer.

The Kent team will arrive at noon Friday and rest at the Mansfield-Leland hotel until time to depart for Arlin field in the evening.

★

Tyger Coach Augie Morningstar announced today that Esker Jordan, the hard-hitting halfback, will probably miss Friday's game. The 195-pound junior did not drill Monday or Tuesday and may not be in suit for tonight's dummy scrimmage. He suffered a bad charley horse in the Massillon game.

Co-captains Johnny Bricker and Bob Ward will alternate on offense against Kent Friday. Ward is a defensive linebacker but has had some offensive experience.

Only other change in the Tyger assignments will be the installing of Jack Wise as a defensive tackle in place of Bob Busch. Wise looked good as a replacement last week.

Morningstar plans to dress 60 youngsters Friday night.

Grading of movies of the Massillon game was announced today. Jim Miller was tops on defense with .864 and Tommy Tucker was second with .833. On offense Tucker led with .909 and Miller had .868.

Bucyrus Plays Rams In Loop

BUCYRUS — Following their unsatisfactory showing against Crestline last Friday when they were trimmed, 18 to 7, the Bucyrus high Redmen again will assume the underdog role when they face Upper Sandusky here Thursday night.

The locals will be gunning for their second win in six Northern Ohio league starts while the visiting Rams have a season record of three wins and two losses.

Bucyrus and Bellevue are tied for last place in league standings with one win and four losses. The two cellar-dwellers clash here Nov. 4.

Team To Play

HAYESVILLE — The Hayesville high school football team will play Berlin Heights here tomorrow night at Kendig park.

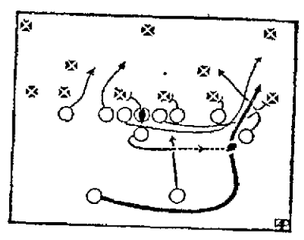
Winged T Is Like Single Wing

(This is the last of a series of three stories on football's T formation. Previous stories covered the regular T and the Split T).

By JIM BECKER
(AP Sports Writer)

A desire by many football coaches to combine the offensive advantages of the single wingback and T formations led to the development of the Winged T.

Lou Little, Columbia's veteran coach, was among the first to adopt this style of attack, as an answer to some coaches who say the T formation is a case of "interference, follow me!"



On this Winged T play, the quarterback takes the ball from the center, spins, fakes to the fullback, then pitches out to the left halfback who cuts back and runs off tackle. Both guards pull out to block.

In the Winged T, the line is balanced (three men on each side of the center) and the quarterback is up behind the center. He handles the ball on most plays and is the chief passer as in the regular T. Two backs retain their regular T positions, about five yeards back of the line and behind the offensive tackles. The third back is stationed outside the end, in the wingback post of the single wing.

From this setup most of striking speed into the line of the regular T is maintained. In addition, ball carrying duties are distributed more evenly than in the single wing. As in the T, the high blocking is easier to teach and helps to hide the actions of the quarterback.

Little says: I feel that the winged T retains most of the trickery and speed of the T, with its handoffs and counter plays, while giving added power to running plays off the right side, as in the single wing. We get more chances for two man blocking on the important end. Of course it loses some of the strength of both formations, but it adds many strong points. We especially like to lure the defense into declaring itself before the play."

Other advantages of the wingback are that he can get down the field fast on passes, he sets the defense to create a good reverse possibility to the weak side and he is in a good set blocking position. Quick smashes to the left side by the left halfback and fullback may be even more effective from the winged T because the defense must shift somewhat to the wingback's side.

Unbeaten Ohio Grid Clubs Face Stern College Foes

By FRITZ HOWELL

COLUMBUS —(AP)— Ohio's trio of unbeaten-untied college football teams face stern tests this week end.

Xavier, pacing the state's 38 teams with six wins in a row, goes up against Dayton for the second time Sunday—and the Flyers are a better club now than the one which dropped a 21-7 verdict to the Musketeers in the Sept. 24 opener. That's the only one Dayton has lost in five starts.

Muskingum, Ohio conference leader and just a notch back of Xavier with five conquests, tangles with Denison's big red which showed plenty of power in bowling over Oberlin 53 to 7 last Saturday. Muskingum is favored, however, for Ed Sherman's boys handed Wooster its first setback, 40 to 7, just a week after the scots had nosed out Denison 21 to 20.

Baldwin Wallace, rolling along with four straight under the guidance of Eddie Finnigan who is in his first year at the helm, runs into case which has lost only to Lehigh in four starts. The scientists prepped for the B-W contest by wrecking Carnegie Tech 38 to 0 Saturday, while Baldwin Wallace was running over Bowling Green by 34 to 21.

Ohio State rebounded from its 27-0 loss to Minnesota to whip Wisconsin 21 to 0, reviving the Bucks' Rose Bowl and big ten hopes to some extent. Bob Voight's Northwestern Wildcats invade the Buckeye stadium Saturday.

The week-end slate has 25 games booked for the Ohio teams, 13 against out-of-state opponents. In interstate play this year the Buckeye clubs finally pulled ahead last week by winning eight of 11 games, giving them 37 victories, 35 losses and two ties for the campaign, with a scoring advantage of 1397 to 1257.

Only one game is slated in the mid-American conference, defending champion Miami invading Kalamazoo for a tilt with Western Michigan. The Redskins need a win to pull even with Cincinnati which has copped a pair in the league.

TOP OFFENSE

Muskingum boasts the state's top offense with 176 points in five games, and the best defense with 21. Bluffton, with only six points to show for five games, is weakest on offense, while Rio Grande has the leakiest defense, having allowed 197 points in six losses.

The week-end schedule:

Friday night: Bowling Green at John Carroll, Mount Union at Youngstown, Heidelberg at Ohio Northern, Marietta at Bethany.

Saturday: Northwestern at Ohio State, Miami at Western Michigan, Capital at Wittenberg (night), Akron at Wooster, Denison at Muskingum, Ohio Wesleyan at Oberlin, Findlay at Defiance, Oklahoma City at Toledo (night), Detroit Tech at Rio Grande (night), Salem at Steubenville (night), Case at Baldwin Wallace, Ohio U. at Marshall, Lincoln at State College (Wilberforce), Olivet at Hiram, Taylor at Bluffton, Brown at Western Reserve, Cincinnati at Kentucky, Connecticut at Kent state, Wilmington at Cedarville, Ashland at Otterbein.

Charter Buses

LOUDONVILLE — Two chartered buses will take Loudonville fans to Orrville tomorrow night for the Loudonville - Orrville high school football game. Buses will leave from Central park here at 6:15 p. m.

One Mid-Ohio League Game On Schedule

ASHLAND — Competition within the Mid-Ohio League resumes this week but there'll be only one game inolving two of the MOL's five member schools.

However, the new athletic league will make up in quality whatever it may lack in quantity this week's.

Findlay's Oilers, unbeaten in three league starts, put their perfect record on the block against the Yellow Jackets of Defiance in a game destined to determine the circuit's first football championship.

Johnny Henning's Findlay flock rules as the odds-on choice to take the loop's first flag. All they need is a victory over Defiance.

However, if Defiance spills the Oilers, then Findlay may be forced to share the crown with Ashland's Eagles. Ashland has won two of three league games to date and, if the Oilers lost to Defiance, the Eagles would need only a victory over Bluffton to clinch a share of the title.

While Defiance and Findlay are meeting at Defiance Saturday, the league's three other members will figure in on-league contests. Ashland will travel to Otterbein, Cedarville will play host to Wilmington and Bluffton will engage Taylor U. in the Beavers' annual homecoming game.

LEAGUE STANDINGS

Grid Gophers Shift Lineup

MINNEAPOLIS — (UP) — Some shakeups in the first string lineup were reported today despite coach Bernie Bierman's secret Minnesota football practice.

It was understood, sophomore Skip Engel was running at right halfback and Buster Mealey, Dick Gregory and Wayne Robinson were promoted to the offensive right end, left halfback and center post respectively.

Bierman plans to hold secret practices for the rest of the week in an effort to snap the Gophers into line for a "redeeming" performance against Purdue Saturday.

Linemen 'Cups' Being Shown

'Best Linemen' trophies of the Phi Sigma Chi fraternity are now on display at the Evergreens cafeteria.

The trophies will be presented to a Mansfield Senior high and a Madison high school lineman at the annual News-Journal football banquet. Fans may vote each week for heir choice as the top lineman. Last year, Ken Carver, Senior high, and Jim Brightbill, Madison, won the trophies.

Voting for the 1949 awards is heaver than last year when 6,000 ballots were cast. Pat Malone is chairman of the fraternity trophy committee.

Rangers Add Two Tilts At Stadium Field

Announcement of the addition of two home games to the schedule was made today by Danny Markowitz, president of the Mansfield pro football Rangers.

The Rangers will meet the Akron Bulldogs in a playoff Nov. 6 and the Minerva Merchants, Nov. 13. The Bulldogs game will be a playoff for second place in the Ohio Football league. The Rangers and Bulldogs finished in a tie with four victories and two defeats each.

This week the Rangers will battle the Akron Browns in a non-loop game at Stadium field. Coach Jim Lymper says that the team will be at full strength for the game with the possible exception of halfback Al Schwaner who has a bad shoulder.

Jim Gleason, Bellville high school star of last season, has been signed and will see plenty of action in Sunday's game. Gleason was the leading scorer in this area last year and will be used by the Rangers as a spot runner.

Michigan Drills On Grid Defense

ANN ARBOR, Mich. — (UP) — Apparently fearful of pushing his University of Michigan gridders past their peak, coach Bennie Oosterbaan limted most of yesterday's practice to light defensive maneuvers.

The Wolves, "up" after their upset triumph over Minnesota, also scampered through a few running plays with halfback Chuck Ortmann and fullback Dick Kempthorn doing the major share of the ball carrying.

Bowlers Fail In Assault On Mythical Honor Roll

Bowlers in seven leagues failed to record a single honor roll score in city league rolling last night.

Nearest thing to a 600 was the 197-181-214—592 recorded by Lou Tridico in the Westinghouse league at Colony. W. Bauer was runner-up with 215-177-181— 573 and was followed by H. Dopps, 563; P. Brown, 555; L. Burton, 544; Fred Conrad, 540; Kenny Long, 525; and Don Handwork, 508.

Westinghouse girls were led by Millie Hough who had 438. Other scores: Sophie Metz, 428; Kay Hammon, 425; Ila Boner, 416; and Grace Chronister, 414

★

Dennis Berry paced Richland C leaguers with a 188-194-200—582 for Mansfield plumbing. H. Bottomley, rolling for Leedy Electric, had 156-185-237 — 578. er's Supply; 527, Dick Gibson, Mansfield Plumbing, 513; E. Faught, Kaufman Plumbing, 512; and L. Oakes, 504.

★

Richard Snavely led Transportation league bowlers with a 558 for Schmid's Tire Service put together on games of 200-178-180. John Speck, Central Hardware, recorded 547, and John Brown, Schmid's Tire, 545.

Others over the 500 mark were: R. Forsythe, 542; Ken Carlisle, Central Hardware, 534; Joe Hetler jr., 521; Phil Stirtzinger, Central Hardware, 520; Tony Augustine, Commercial Motor, 512; J. Gaubatz, Pfeiffer's Beer, 509; T. Gerger Pfeiffer's, 508 and B. Distle, Mansfield Upholstering, 507.

Central Hardware won three games to move into a first place tie with Mansfield Upholstering which dropped two out of three to Pfeiffer's Beer. Central had the top team score of 2617. Best individual game was Carlisle's 205.

★

Lead in the Elks loop went to Paul Herlihy with a 198-165-577 while V. Zimmerman had 222-162-192—576. A. Stofer had middle game trouble but wound up with a 575. He had 209 on his first and third game but fell to 157 in the second.

Others: Gene Funston, 547; Harry Uebel, 545; Ernie Stall, 543, and Earick, 540. Earick had a 230.

Frankie Burton missed the first game and had to take a deadhead score of 120. However, his tardiness made him a bit mad and he took it out on the pins with a 205 and a whopping 255. That gave him 460 for two games — better than most of the bowlers made last night in three.

★

Vin Morman, Smith Upholstering, had the top count of 171-164-181—516 in the St. Peter's Alumni league. Tom O'Donnel, Casey Coal, was second with 119-193-166—478 while his teammate Charles Augustine had 476. Bob Kasper, National Electric, had 467.

Fusco Cleaners won the only sweep. Casey Coal blasted 2,405 pins for a new league record.

In the St. Peter's two-game league, Ralph Bonanata was tops with 203-153—356 while Frank Chillemi had 149-165—314. Dick Dorsey had 288 and Bob Michalski, 268.

★

R. T. Metcalf lowered the boom on 556 pins to pace the 20-team Mansfield Tire league. Metcalf had games of 158, 193 and 205. F. Keifer was second with 218-190-145—553.

Others: T. Marks, 544; T. Holzmiller, 540; John Hoffman, 539; Bill Stoughton, 537; Cecil Reep, 532 and J. Klish, 531. Mike Siwek had the top single game of 224 while Hoffman had a 218.

Pancho Gonzales Defeated In Pro Tennis Inaugural

NEW YORK — (UP) — Stamina and savvy sent big Jack Kramer speeding to the west today still king of the tennis professionals but sitting on a shaky throne.

Starting slowly, Kramer kept pounding away at the nervous efforts of national amateur champion Richard (Pancho) Gonzales for a 6-4, 3-6, 6-3, 6-2, victory last night in the first match of their international tour. Kramer's stick-to-it tenacity and his old pro polish wore Gonzales down.

A crowd of 13,357 at Madison Square Garden saw Kramer squeak through the first set and lost the second before he got his big game going. Just before that, Pancho Segura of Ecuador scored the same sort of victory over Frankie Parker — a 6-3, 6-4 decision partly the result of Parker's nerves.

The two Panchoes teamed to beat Kramer and Parker, 8-6, 6-4, in the doubles.

Pigskin Peace Stage Is Set

NEW YORK — (INS) — The stage appeared set today for an end to the ruinous professional football war.

Last week Dan Topping, of the New York Yankees of the all American conference, waved an olive branch in the general direction of the rival national football league.

Today several members of the NFL indicated that they would be willing to talk peace at the end of the current season.

The national leaguers still cannot envisage a two-league setup even after a peace pact has been signed. But they would like to see one league of perhaps 12 teams, divided equally between east and west.

Details Set For Madison Homecoming

Full details for ceremonies at tomorrow night's Madison high school football home-coming were announced today by Principal Wayne E. Miller. Madison is to play Bellville at 8 p. m. on the Ram athletic field.

Home-coming festivities will start twenty minutes earlier when Queen Mary Jo Hunter and her court will enter the field in a new convertible. She will be driven to the center of the field where she will be crowned by Eleanor Stevens, last year's queen. Ann Didicher, president of the Girls' Athletic association, will present the queen's bouquet.

The Madison band will take part in the ceremonies and will share the half-time show with the Bellville band.

Members of the queen's court are Erma Keefer, Nancy Moore, Ann Dyson, and Dorothy Sabo.

The Madison football team will be in its best physical shape since the opening of the season. An open date last week has given many of the old injuries a chance to heal and no new ones have been incurred in scrimmage work.

Madison lost its homecoming game to Loudonville last year, 19-6. Tickets for Thursday's game are on sale at Fox Jewelry and City News.

Parker To Coach

CHICAGO — (AP) — The Chicago Cardinals of the national football league today dropped their co-coaching arrangement and named Phil Handler as vice-president and Ray (Buddy) Parker as head coach. Parker and Handler had opened the season as co-coaches.

'Tossing' Tommy Shines At Cincy

CINCINNATI — (AP) — We've had a "slinging' " Sammy and a "pitchin' " Paul and now it's "tossin' " Tommy O'Malley who is aiming for a hunk of space in football's passing record book.

O'Malley, a 23-year-old University of Cincinnati senior, has a completion average of .513 for the 144 passes he's thrown this season — and that with a team that has been able to do no better than win four of six games.

His 74 completions in 144 efforts have netted the Bearcats 1,096 yards. Thirteen of the passes have gone for touchdowns.

All of which is a right good record for a young fellow who actually prefers baseball to football. Wonder what he'd do if he really liked the game?

A native of Cincinnati who got his high school training at Hughes high school, just across the street from U. C., O'Malley definitely is not a "flash in the pan" as a passer. Last year he completed 71 of 147 passes for a net of 899 yards and seven of the tosses were good for touchdowns.

"Tom is truly a great passer," says Bearcat coach Sid Gillman. "He's one of the best in football. And he's a fine quarterback, too."

O'Malley has played only football at U. C. but he admits baseball is his first love. He played in the outfield for an amateur team during the past summer and organized baseball scouts have been keeping a close watch on him.

But Gillman believes Tom will turn to pro football when his college days are over. He'll be big enough, too. He's six feet tall and weighs 180.

He's not bad in other sports either. He's a 75 to 80 shooter in golf, has a 170 average in bowling and he received considerable mention for all-state basketball honors in high school.

O'Malley was an ensign in the navy during the war. He's married and has a year-old son.

Even Gillman shuddered when Tom related that his biggest thrill in football was throwing the touchdown pass that enabled Cincinnati to beat its hated rival, Miami, 12 to 7, in 1946.

Gillman was the coach of that Miami team.
